Until next week Lil Sista.

From the Editor "Side Note!"

Oil prices dropping world wide and here in California and most noticed in Lucerne Valley, we are still getting screwed at the pump! We have 3 stations in town that are \$0.20 to \$0.40 cent a gallon higher that the rest of the Victor Valley area. I think that it is ridiculous when I am told that the price is so much high because Lucerne Valley is farther out than the other Hi-Desert gasoline stations. If that were the case, why can I drive to Yucca Valley, Joshua Tree or Twentynine Palms and still see the lower price like in Hesperia, Apple Valley and Victorville? We as a whole should not be paying more at the pump than our neighboring state Arizona. It is a \$1.00 or more cheaper per gallon across the board!
Wake up SHEEPLE!

TRUCKERS BEWARE!
Rent ! I have room to park 4 18 wheelers plus big work shop in Victorville. Call Rudy 760-953-0385 8am to 8pm 7 days.

How Far Would You Go?

- How far would you go To help a good friend
- How far would you go To help a heart mend
- How far would you go To prove you are strong
- How far would you go To prove you're not wrong
- How far would you go To reach all your goals
- How far would you go To play out your role
- How far would you go To dry someone's tears
- How far would you go To ease someone's fears
- How far would you go On the long winding path
- Seeking the answers Doing the math
- Trying to do all that you can To give care and comfort
- To your fellow man How far would you go
- To accomplish this plan As far as it takes
- As long as I can

**FROM THE EDITOR!
 "UNSPOKEN THOUGHTS"**

The world is going to HELL in a HANDBASKET because the media has over played the Corona Virus! We are now seeing the world economy going down the proverbial toilet just like it did when George W. Bush the WAR CRIMINAL start his second term in office. The price of gasoline soared at the pump like an Eagle on PCP! Bush's back door deal after 9-11 when they dropped the price of regular was \$0.99 cent a gallon at the pump. When he got his second term that is when the price at the pump climb to the almost \$5.00 a gallon. This skyrocketed price in the short span of 2 years also effected the world economy and cause a recession that destroyed the global economy. It took two terms under Obama which did nothing, Trump got elected and changed that which Obama said would never come back. Obama lied to us, Bush and his crew lied to us. Trump told us the truth and showed us that the criminal element that was in Washington has been stealing our wealth for decades. This is one battle that as a nation we can't afford to lose.
