**FROM THE EDITOR!  
 "UNSPOKEN THOUGHTS"**

Well hello again from the "Twilight Zone!". I hope that everyone is doing well and that you and your's are going to be alright spiritually, physically and financially. This shut down is causing damage to our nation that has never been seen before in our entire history. I predict that we are out on the streets by the end of April, we can't go past that point. The leaders in the world and the Trump haters in our own country should be dancing a jig! Even the treasonous bastards on TV media and talk shows have stated all along that they hoped the nation would fall into a depression and remove Donald Trump from office. If we now are at the point where individuals like Pelosi, Schumer, Schiff and Waters are applauding our downfall so they can get on with business as usual. They are ready to introduce us to their new normal. The new normal will be one where our new ruling class will be lining their pockets twice as fast to make up for our arrogant defiance by not electing from the herd! There is a special place in hell for these traitors. They will regret taking on the True American Patriots. **The Oath Keepers will not abandon us.**

Hello my Friends!

How many of you are already fed up with, how this year is going so far ?

I'm Gonna ask my momma if that offer "To leap me into next year, is still on the table?" Or how about I am done with my free 90 day trial for 2020? How can I cancel my membership? Well hang in there, this to shall pass. I am just as shocked to see how schools closed & many of you are out of work, I wish all of you well, at least you have a phone call a friend, check in with family, stay positive.

**Poet Laurel Stamps**

My Mother wrote these poems before she passed in 2013  
and now I'm sharing them with you, Enjoy!

**Hide and Seek**

I Play the game of Hide and Seek I usually play by  
myself  
But now I can't find my glasses I'd hid them on the shelf  
Today the weather prediction, Windy, Brisk and Clear  
I've hidden my sweater so well, I've been seeking it  
everywhere  
When I don't need the scissors, They're always laying  
around  
But when I need to use them I have to seek until their  
found  
Where is the book I was reading I've sought every  
place at least twice  
Oh, here it is in the freezer Covered all over with ice  
I love the game of hiding But seeking is not much fun  
I found my sweater in the Breadbox But my combs  
I cant find a one  
They say it's absent-mindedness But I think that is  
untrue  
My mind is always present Now I can't find my other  
shoe
