**FROM THE EDITOR!  
 "UNSPOKEN THOUGHTS"**

Well now that the nation has a bit of a taste of Socialism you would think that all the individuals on the LIBERAL LEFT might start having second thoughts! We have our rights taken from us and a small handful of individuals on what I call "EGO TRIPS" control every aspect of our lives. You can't go and enjoy a special outing or celebrate a wonderful occasion. We keep hearing how they are going to extend the quarantine till maybe the "NEXT ELECTION"! These bastards don't give a damn about you or your family. They look down there nose at you and your life. You are only a "CASH COW" to them. I would like to see the people rise up and demand that every elected individual on every level give up their paychecks until the American Working Man and Woman are back to earning a living. That means that every corrupt one of them from city, county, state and federal level will have to feel the stress that we are under since the outbreak of the Chinese Coronavirus. We have been sheeple long enough and need to bite the "MASTERS" right in the ass. They have it coming. They will do anything to take down the one person who cares! Trump!

**Poet Laurel Stamps**

My Mother wrote these poems before she passed in 2013  
and now I'm sharing them with you, Enjoy!

**Too Old**

I don't want to be a hundred that is certainly not my  
goal

To live for a century you'd be so very old

When trying to recall memories from nine decades ago

You find the memories fading and the process much to  
slow

Most of your friends and family have long since passed  
away

Making you feel lonely and yet each day you stay

Your mind may be sharp and clear but your bodies, frail  
and weak

And you miss hearing clearly whenever people speak

Sight goes dimmer everyday, hair grows thin and gray

And all the wrinkles on your face would scare a prune  
away

No, I don't want to be a hundred that is surely not my  
goal

But to live to be ninety nine, that's not quite so old!

L. C. Stamps March 2012

## From the Editor "Side Note!"

Our California Congresswoman Nancy Pelosi has the nerve to make the statement publically that Trump did nothing to keep the American People safe from the Coronavirus. That is not quite true Nancy. Trump put in place the order to close the border 10 days after the first case of the virus was reported. He has been a step ahead all the way across the crisis. While Shiff, Pelosi, Schumer and the rest of the bottom feeders in Washington were busy trying to impeach the President, Trump was at his best. I don't think I can imagine a better person for the job of not only saving the nation, but saving the world. Most politicians are so busy trying make us believe that they are the saviors, they only have managed to make themselves look small.
