THIS FRIDAY 7/24 on Trevor's Happy Hour you can listen to a 2 hour special about the most underappreciated television show of ALL TIME !!! AMOS N ANDY... Amos 'n' Andy was an American radio and television sitcom set in Harlem, the historic center of Afro-American culture in New York City. The original radio show, which ran from 1928 to 1960, was created, written and voiced by two white actors, Freeman Gosden and Charles Correll, who played Amos Jones (Gosden) and Andrew Hogg Brown (Correll), as well as incidental characters. When the show moved to television, black actors took over the majority of the roles; white characters were infrequent. Amos 'n' Andy began as one of the first radio comedy series and originated from station WMAQ in Chicago. After the first broadcast in 1928, the show became a hugely popular radio series. Early episodes were broadcast from the El Mirador Hotel in Palm Springs, California.[4]:168-71 The show ran as a nightly radio serial (1928-43), as a weekly situation comedy (1943-55) and as a nightly disc-jockey program (1954-60). A television adaptation ran on CBS (1951-53) and continued in syndicated reruns (1954-66). It would not be shown to a nationwide audience again until 2012.[Hosted by Terry Smith and Produced by Trevor Garner this show received many callers from all over the United States and includes LIVE interviews with some of the last living cast members.

**FROM THE EDITOR!
"UNSPOKEN THOUGHTS"**

Hello, I would like to start off with a comment about a phone call I received around midnight a few days ago. To the lady that sounded like she had a few to many hits off that bong, you can insult, cuss and use every name in the book toward me. I'm good with that. Bottom line when you block your number and don't leave a name I don't give you one ounce of thought. Here is your 5 seconds of fame.

The left is going to use everything they can muster to take down our President. I am going to say that 80% of the Democrat party have committed treason. The out of control mob that we see in Democrat run towns and states is nothing more than terrorist. They need to be arrested for their crimes. It is easy enough to accomplish, use the "Patriot Act" that George W. Bush put in place after 9-11. We can arrest them and throw away the key. They don't get a phone call, lawyer or even the light of day if we choose not to give them that right. Problem solved! The media is working hard to dig up anything they can to get voters to walk away from Donald Trump. If we don't elect Donald Trump for a second term we as a nation are lost. To erase history and destroy monuments is exactly what Hitler, Stalin and Mao Zedong if China. When you dumb down a people you remove their ability to fight back. We are now living in the world that was portraid in the movie "IDIOCRACY"! Congradulations!!!
