New guests weekly!

THIS FRIDAY the 4th on Trevor's Happy Hour
 you can listen to a 2 hour special about the most underappreciated television show of ALL TIME !!! AMOS N ANDY...

Amos 'n' Andy was an American radio and television sitcom set in Harlem, the historic center of Afro-American culture in New York City. The original radio show, which ran from 1928 to 1960, was created, written and voiced by two white actors, Freeman Gosden and Charles Correll, who played Amos Jones (Gosden) and Andrew Hogg Brown (Correll), as well as incidental characters.

When the show moved to television, black actors took over the majority of the roles; white characters were infrequent. Amos 'n' Andy began as one of the first radio comedy series and originated from station WMAQ in Chicago. After the first broadcast in 1928, the show became a hugely popular radio series. Early episodes were broadcast from the El Mirador Hotel in Palm Springs, California.[4]:168–71 The show ran as a nightly radio serial (1928–43), as a weekly situation comedy (1943–55) and as a nightly disc-jockey program (1954–60). A television adaptation ran on CBS (1951–53) and continued in syndicated reruns (1954–66). It would not be shown to a nationwide audience again until 2012.[Hosted by Terry Smith and Produced by Trevor Garner this show received many callers from all over the United States and includes LIVE interviews with some of the last living cast members. LISTEN to the interview 24/7 at Call in at 714 798 9806 or go to the website at trevorshappyhour.com ...plus go to the Zombywoof chat room and tell us what you think

FROM THE EDITOR!
"UNSPOKEN THOUGHTS"
 Well the beat goes on, and on, and on, and on! It seems that the entire country has lost touch with reality! I would like to give 5 seconds of fame to the idiot who called me and said that I needed to do my research on my topics before going to press! Well sir, next time you call me and leave a message will you please do it while you are sober? Maybe then you won't repeat the same sentence over and over for 3 minutes.

The FBI, local Sheriff and other law enforcement are in Lucerne Valley this week to have open dialog with the residents that are concerned about the number of pot farms that have popped up in our valley and across the hi-desert. I am attending, might as well have nothing better to do, to see what is actually going to transpire.

I have a list of questions for all the FBI and Sheriff personel who attend. First, the pot growers have done more financially for our town than the bottom feeding San Bernardino Board of Supervisors. Second on the list is the fact that they are quiet neighbors and I have never had any grief from the one a half mile from my ranch. If the Sheriff Department and the FBI (trying not to mention Comey, Strzok, Page and the other criminals) are going to be fair and enforce the law per letter of the law, they need to also arrest the head leaders of the illegal ongoing business. It is Gov. Newsom, the State Senate and State Assembly who have partnered with the growers when they took money for a license and receive tax money on the sales!

Hello my friends,
Many of you have called me & said " Pamela's world isn't in the Nickle shopper anymore." Folks let me say, that the paper count maybe down, with the cost of print & the stay home home order, because of this Virus. I want to reassure you that you can still read the read Nickle shopper on line. We are still here for you. So what ever is going on in your life & the world around us, stay safe, be kind to your self & others.
