**FROM THE EDITOR!**  
**"UNSPOKEN THOUGHTS"**  
 Hello fellow Americans. This week marks the 19th anniversary since the attack against our nation on September 11, 2001. On this day evil came to our nation and took the lives of over 3,000 of our citizens. George W. Bush was President and when he said he would bring the individuals to justice the citizens were still in disbelief as to what had happened. 19 years later the nation is still sending our young men and women to fight an ongoing war that seems to have no end. Our nation is now in a dark place and seems to have forgotten that we all bleed RED, WHITE and BLUE! We now are under attack again by a faction that is just as dangerous and evil as the individuals who plotted and carried out the attack on the towers. This new enemy is home grown. This new evil is known by many names. It is ANTIFA, Black Lives Matter (the corporation not the movement) and our own evil politicians that will do anything to regain power and defeat your and my freedom and rights under the Constitution of the United States of America. When a nation has politicians that care more about the needs of criminals than its citizens you know we are in trouble. When you have politicians and Big Business that will create lies and do anything to unseat the duly elected President we are in trouble. When you have politicians who get in your face and defy you to question their position and power, you know we are in trouble. When God has been removed from you heart? What then?

## New guests weekly!

**THIS FRIDAY the 9/11 on Trevor's Happy Hour**  
 you can listen to a 2 hour special about the most underappreciated television show of ALL TIME !!! .... AMOS N ANDY...  
 Amos 'n' Andy was an American radio and television sitcom set in Harlem, the historic center of Afro-American culture in New York City. The original radio show, which ran from 1928 to 1960, was created, written and voiced by two white actors, Freeman Gosden and Charles Correll, who played Amos Jones (Gosden) and Andrew Hogg Brown (Correll), as well as incidental characters.  
 When the show moved to television, black actors took over the majority of the roles; white characters were infrequent. Amos 'n' Andy began as one of the first radio comedy series and originated from station WMAQ in Chicago. After the first broadcast in 1928, the show became a hugely popular radio series. Early episodes were broadcast from the El Mirador Hotel in Palm Springs, California.[4]:168–71 The show ran as a nightly radio serial (1928–43), as a weekly situation comedy (1943–55) and as a nightly disc-jockey program (1954–60). A television adaptation ran on CBS (1951–53) and continued in syndicated reruns (1954–66). It would not be shown to a nationwide audience again until 2012.[Hosted by Terry Smith and Produced by Trevor Garner this show received many callers from all over the United States and includes LIVE interviews with some of the last living cast members. ## Pamela's World!

Hello my friends,

I hope every one had a great Labor day weekend. For some of you celebrating anything is hard. When your going through Anxiety & Depression.

I know PERSONALLY it is very hard. Here's some thing I have came across in reading to help me understand what I was going through. YOU can look up..... (Crosswalk.com )  
Overcome Anxiety & Depression.

1. Give up the illusion of control.
2. Let your emotions lead you to ask questions.
3. Change the way you talk to your self.
4. Forget about suicide.
5. Let go of what you can't change, and change what you can.
6. Tap into the power of forgiveness.
7. PRAY,

You are not alone, find a support group.

(Covid has hurt many businesses)

Until next week Lil Sista Pamela.
