FROM THE EDITOR!
"UNSPOKEN THOUGHTS"
 The election is getting closer and closer! With all the crime in our cities and the Democratic Party is fine with this is unbelievable. The Left is trying to place the blame on Republicans and President Trump for this daily attack on our citizens. If you are a Democrat and still think that Trump is the problem you need to get Hillary Clinton to write your suicide note and end your pathetic little life. I am tired of hearing about police being ambushed and the crowd gathering is yelling for the wounded officers to die? Are you kidding me? These bottom feeding bastards are lucky that I am not in charge. It would be the wild west all over again. I would give orders for the trash to vacate the streets and do so quickly. Anyone who is left and feels they are looking for a fight and to cause destruction to businesses and homes would have another thing coming. I would order the officers to shoot one warning shot. After that I would shoot every damn one of these pieces of shit dead on the spot. I think it is a shame that we have allowed the corrupt, criminal politicians to get away with their lack of action to shut this down. I feel that every politician that has allowed this to happen is as guilty as the rabid dogs that are now running amuck. If Biden wins, God I hope not, Camel Face Harris will be President in a matter of weeks. They will say that Biden stepped down for the good of the nation. That means that Pelosi moves forward and become V.P.. We don't need these evil women in charge of the U.S..

He represented a car dealership against a famous union head. He represented Mike Ilitch of Little Caesar's Pizza fame, Ed Cole (President of General Motors), and Cristina Ford, wife of Henry Ford II, and many others. Pamela's World!

Hello my friends,

let me start with saying that I have "5 years of sobriety this month." I'm not sure of the date & when I'm asked. I would say "That I'm not sure , Let me say that I was potty trained once, I don't know when ? I just know that today I don't shit my self. "Folks, I don't count the days, I MAKE THE DAYS COUNT. " The last 5yrs. Felt like I went through my own 9/11. As you might be saying to your self " No it felt more like a Tsunami " What ever it may be called. I decided that the pain of a hangover & the look of disappointment on my loved ones faces wasn't worth it. I was killing the pain, it was from emotional, mental, physical & even spiritual pain. Today & everyday I choose to live & So can you !

(Covid has hurt many businesses)

Until next week Lil Sista Pamela.
