**FROM THE EDITOR!**  
**"UNSPOKEN THOUGHTS"**

Hello again my readers! For those of you who are not familiar with the deadline for publishing The Nickel Shopper it is monday evening. So as I write this I have no idea of what Tuesday November 3rd will bring us at the end of the day? The corrupt media, the Democrats and the never Trump'ers are doing their best to make it sound like Biden has the election in the bag and the vote count is just a unnecessary requirement to meet the law. Our nation has survived many attacks over the last 243 years. We fought the British, ourselves, Germany, Japan, Korea, Viet Nam, and the middle east. We are now at a point where it looks like full circle. We are now at war with our own citizens in a battle of good verses evil. We lost our way when we removed God from school prayers in the morning to appease Madalyn Murray O'Hair, Founder of America's Leading Atheist Organization. Weak politicians allowed this individual and her small group to dictate to a nation what they will not do. Next we rolled over and played dead for every minority group with every ridiculous idea to dictate how and who we would allow to do what ever regardless of our feelings or those of our children. Our children have been indoctrinated into believing that our nation has to be destroyed and the older generation needs to be punished for all the sins of the world for the last 5,000 years. This has cost our nation and our future untold damage. Heaven help us if Donald Trump is defeated this week.
