New guests weekly!

THIS FRIDAY 01-09-20 on Trevor's Happy Hour We will be back after the holidays with our first guest in January 2020 Actor and Comedian **Ronnie Schell**. Ronnie studied at San Francisco State University and, by happenstance, formed a nightclub comedy duo which took off. He turned solo within a year and progressed to Las Vegas work as an opening act. TV opened its doors to him when he nailed the regular role of Jim Nabors' Marine bunkmate, "Duke Slater", on *Gomer Pyle: USMC* (1964) and his acting career was born. Other notable TV shows that he starred were *That Girl* (1966), playing Marlo Thomas' agent, Other supporting roles in Disney films also came his way, with *The Strongest Man in the World* (1975), *The Shaggy D.A.* (1976), *Gus* (1976), *The Cat from Outer Space* (1978) and *The Devil and Max Devlin* (1981), while numerous guest parts on such shows as *The Andy Griffith Show* (1960), *Love American Style* (1969), *Charlie's Angels* (1976), *The Dukes of Hazard* (1979) and *Saved by the Bell* (1989). LIVE BROADCAST on

Wow! Pelosi is really dropping the ball! There is only a 25 day period that the Congress has to send the Articles of Impeachment to the Senate.

She doesn't intend on sending anything. She is now in position to say that Trump was impeached, like that is going to stop him in 2020!

Pelosi is still choking the chicken not releasing the articles!

From the Editor "Side Note!"

Qassem Soleimani, the head of Iran's elite Quds military force was taken out with a drone and the corrupt media and the two faced politicians on the Left are losing their collective mind! This piece if crap was responsible for the deaths of many of our soldiers and civilian workers in Iraq. He also killed many of the Muslims that were in his way and did not agree with his regime leaders. He was not a revered military leader by any stretch of the imagination. He was another murdering mongrel that got what he had coming. Trump did what no one else dare do. Bush and Obama gave this bastard a free pass. Obama told everyone including Israel to back off, Soleimani was off limits. Nancy Pelosi and gang are now with their panties in a bunch claiming that the President had no right to do what he did. They are spitting nails right now trying to stop a Trump Train that is running on time and due to arrive in November 2020. Time and time again the corruption is being exposed and the ones that need to be investigated are coming on stronger and stronger. Schiff, Schumer, Pelosi and all the other bottom dwellers need to understand on basic thing about the Constitution of United States of America 1789. It give us guidelines on how to keep our government from becoming Europe. We as American Citizens are always able to exercise our rights under the Constitution to protect and come to the aid of our people, nation or President to defend our freedoms. Yes, we have that right. The Left really hates the fact that the "Oath Keepers" exist. We will keep our eyes open and our powder dry just incase our country, people and President need us to rise to the occassion. The Politicians are hating life because Trump just gets stronger and stronger. This impeachment isn't worth the toilet paper it is written on. Although there are those who argue that Trump has betrayed his oath of office that are really trying to hide the fact of their treason. The saddest thing is that when Iran put a \$80 million dollar bounty on our President's head, the Left never flinched. They feel that in taking our a terrorist that Trump put the nation in danger. The only thing Trump is guilty of is exposing the cowards in office. Schiff, Pelosi, Schumer and the rest of the anti-Trump crowd in Washington. God help us!

My Mother wrote these poems before she passed in 2013
and now I'm sharing them with you, Enjoy!

Hide and Seek

I Play the game of Hide and Seek I usually play by myself
But now I can't find my glasses I'd hid them on the shelf
Today the weather prediction, Windy,Brisk and Clear
I've hidden my sweater so well, I've been seeking it everywhere
When I don't need the scissors, They're always laying around
But when I need to use them I have to seek until their found
Where is the book I was reading I've sought every place at least
twice Oh, here it is in the freezer Covered all over with ice
I love the game of hiding But seeking is not much fun
I found my sweater in the Breadbox But my combs I cant find a one
They say it's absent-mindedness But I think that is untrue
My mind is always present Now I can't find my other shoe

**FROM THE EDITOR!
"UNSPOKEN THOUGHTS"**

The Interview that you have been waiting for!! Adam Schiff and Nancy Pelosi speak candidly about the Russian Connection, the Ukrainian quid pro quo!

Question: It seems that you're not going to give the impeachment to the Senate?
Pelosi: If I do, the Senate will only sideline our investigation. We are looking to continue the impeachment in the Senate by our terms.
Question: You don't have the authority?
Pelosi: That is true, but the general public don't realize that we have lied about everything we have made public.

Question: So you admit that all the facts you spoke about are lies and that Trump didn't break any laws?
Schiff: That is a fact. We want him out because he has cost us millions in our personal portfolios. He has to go!

Question: So you are actually plotting against the legitimate elected President and his supporters to protect yourselves?
Pelosi: Yes, we should be in prison, our followers are dumber than rocks! What do you think the reason is that we are elected time and time again?

Question: So in general you really have nothing on Trump?
Pelosi: That is true, but we have put our neck out there and we need to stand our ground so as not to look stupid or corrupt!

Question: Has Trump abused his power?
Pelosi: NO, he has been following the law that governs his position as President. We abuse our power and get away with it time after time because I have the dirt on everyone on both sides of the isle. We will go after Trump for killing the Iranian General. We don't care if he was a terrorist! We are not about truth. We are about our own position in the world.
