From the Editor "Side Note!"

As the San Bernardino County Fire Department endeavors to secure its annual finances, the San Bernardino County Board of Supervisors voted at its June 12 meeting on a proposal to fund services by broadening an annual parcel tax to include property owners in all unincorporated communities without going on the ballot.

Fire Chief Mark Hartwig

**Just another hustle by the corrupt Board of Supervisors
We only have till September 16th to address this theft!
October 16th they will screw us out of our money!!**

October 12, 2012 The state was going to send out 62,000 bills to home owners demanding \$150.00 Fire Protection "FEE". The San Bernardino County Board of Supervisors aggressively opposed the State's imposition of this "FEE", which the County's opinion is not a "FEE" but a legally questionable tax that will provide no additional benefit to those who pay it.

"This so called "FEE" is nothing but a gimmick to take care of shortages in the State's budget. The Board of Supervisors stated "This is the most blatant and clear theft from the tax payers in San Bernardino County"!

Now the powers that be are doing the same thing that they said was theft by the State. At the meeting in Lucerne Valley on Thursday August 16n 2018. They had us write our questions on piece of paper that they would answer. My question was inquiring about how is it different now that the county is imposing the same fee without concerne for the impact on the citizens of the Valley. My question was never addressed in regards to this question! Why is it okay now when you accused the State of attempting to steal money from the taxpayers? Let them no this won't fly! Get the word out, it is all unincorporated parcels in the county!!!

Pamela's World! Hello my friends,
 last week someone asked me what my thoughts on ... In the land of the blind is the 1 eyed Giant a king or a freak? Wow, ok I replied with " we live in a society that labels everyone. The first part of the sentence is the one-eyed Giant, well if you were blind how would you know if he had one eye or 6, and as far as calling him a GIANT, " _He is. Head & Shoulders Above the Rest. &. Some of us aren't SHORT. I'm good with saying I'm just UNDER TALL.. and as far as being called one-eyed Giant it is what it is. I personally think he was frustrated waiting for the blind come out and play so if I didn't have way to see, I've been stuck in the same room and the big guy comes and goes as he pleases then he's got to be doing something right ! In fact I think I would even ask for a piggy back ride. Wake up people the doors been standing wide open you may notbe able to see if you're blind, you have many other senses you can use to help yourself out of any Jam. I surprised this person with all that and maybe it was too much for them to handle.. Just remember If you keep doing what you've been doing, Then you're going to keep getting what you been getting. Most of you heard this saying insanity is when you keep doing the same thing over and over and expecting different results. We also have a society that likes to blame it on someone or something, 9 people you know the sun was in my eyes it when was blowing too hard wasn't my fault the devil made me do it the dog ate my homework, he or she made me do it the list can keep on going. If you work as hard on finding a solution as you did making up excuses just own it, head up & shoulders back just keep going forward. now if someone ask me if my glass is half-full or half-empty I will tell them I have more than some and less than others do you need to drink? Here's another one. Which one came first, the chicken or egg? I don't know your answer. but I did see a card and it had a chicken holding onto a egg and motioning back and forth, when I opened the card it said " You tell me who came first . " before you ask where did I see that card?" Any adult bookstore will have it & many more. I hope I made you laugh, and think about how you personally are with people do you label them, make fun of them, call out names, hurt their feelings. stop being a bully! instead look at someone and find the qualities that you like. Maybe she/he said or did something you liked. have a new attitude. when you leave your house tell yourself I'm going 2 see old friends and make new ones too. Changebegins with you. When YOU change the way you look at things....The things you look at.. WILL CHANGE.
 So please keep an open mind

*If you live in the unincorporated area of San Bernardino
County this is also your fight!! Get on board!!*

*This week I am personally getting on board with the fight to keep
the San Bernardino County Board of Supervisors from stealing
more of our hard earned dollars. These bastards are pulling a
stunt that they condemn the State for trying to do to us in
2012 they accused the state of trying to steal taxpayer money!*

Now they think it is a great way of increase income!!!

Get the word out to everyone who owns vacant or occupied parcels in
the unincorporated area of San Bernardino County. They are getting
ready to screw us. They are going to put a \$157.00 charge per parcel
to add to the coffers for fire district. Here is their official information
from their site. Posted: Thursday, June 28, 2018 1:59 pm

As the San Bernardino County Fire Department endeavors to secure its
annual finances, the San Bernardino County Board of Supervisors voted
at its June 12 meeting on a proposal to fund services by broadening an
annual parcel tax to include property owners in all unincorporated
communities. Property owners included in the expanded service zone
will have an annual parcel tax of \$157.26, which can be increased by up
to 3 percent each year. The proposal was presented by
Mark A. Hartwig, fire chief/fire warden, according to the supervisors'
agenda. The purpose of the zone expansion is to fill a current
\$29 million funding gap for County Fire. The expansion is expected to
generate \$27 million more in revenue each year. Notices will be sent to
affected parties in August, and the first of two public hearings will be
held later in the same month. The board also voted unanimously to
pursue preliminary steps of proposing an election on a special tax for
fire services. If the special tax is protested, it can be killed by more than
50 percent of affected landowners. Alternatively, if at least 25 percent
protest, the issue will be sent to voters on a ballot.

This is without going on the ballot for vote unless we can get 25% of
property in the unincorporated county to object. That will force it to be
on the ballot. If 50% reject it, then it is a dead issue. It will not increase
services or benefits. It will only keep service in the same crap condition
that currently exists. we only have till October 16, 2018. They won't
send out the notices to land owners till September 16th. That is 4 weeks
to get it mailed, read and returned. Just another corruption issue with
San Bernardino Board of Supervisors. Just as bad as Sacramento.

We need your help to get the word out. Thank you,
