From the Editor "Side Note!"

It just get's stranger and stranger by the minute!!!
 The "Caravan" from Honduras is growing daily. It started out at approximately 2,000 marchers and by last count is between 7,000 and 8,000 individuals. This is an invasion. The walking, talking crap bags in Washington in the Democrat Party are part of the problem. They will never be part of the solution. That "Toilet Reject" Hillary Clinton is now barking like she is going to run against Trump in 2020. Camala Harris "Joe Camels Twin Sister" is also barking to get her nominated. The list is growing daily. You have "Poke-A-Honky" Elizabeth Warren saying that she is the light!!! We are about to be invaded by thousands that we know nothing about. We have no idea how many terrorist could be hiding in that group? If we don't get serious we will damn well suffer the consequences. The only thing the Left wants is their power back. They will move heaven and earth to do so. They don't care whose lives they ruin or destroy. As long as they can live high on the hog and we stay in line and do as we are told. Don't make waves! If you don't fall in to line and take orders, they will make your life miserable. The MF Mueller will go after you and your children, make no difference if you are guilty or not. When the are done, you and your children will be broke and living on the street. Our nation is in serious trouble. If the Left get back in control I am afraid we will actually break out in a second civil war. We are not immune to what we are seeing in other parts of the world. You have to understand one issue. This will sound bad, but it is a very true statement. The only thing that 3rd World Illegal's can bring to this country is a 3rd World lifestyle. We don't have Doctors and Lawyer, Scientist and other highly educated individuals sneaking across the border with their families in tow. I know that we are the dream country where dreams can come true. I want that for everyone. I just want to know who we are letting in to our home before we face the harsh reality that it was a home invasion when we forgot to lock the door!!!

FROM THE EDITOR!
"UNSPOKEN THOUGHTS"

Well, the elections are just around the corner!! The Left is still hanging on the Kavanaugh accusations. They are doing everything within their power to sabotage the nation. It is not just a question about going after Trump, they are going after our freedom as well. I had a thought today that everyone should think about. Just because a person is a Liberal doesn't mean that they don't respect the law. It doesn't mean that they are on board with the corrupt left in our government. They basically would like to see everyone receive fair treatment such as medical, a decent home, food on the table and not have to worry about the outrageous cost of goods. Here in Kalifornia the politicians have grown accustomed to screwing us out of our last dollar over the last 4 decades. Gavin (Queer Bait) Newsom is a typical Kalifornia politician. This man is a cancer that will destroy everything within reach. In the reference that I made to Newsom, will the haters please calm down. I have heard of individuals who are going to vote for him because of his looks! Are you kidding me? We did get screwed here in San Bernardino County over the FB-5 proposal. This is a very fishy and typical corrupt action by the county board of supervisors. If you notice I did not use any capitol letters in referring to them. They are just pathetic little thieves that need to be investigated by the District Attourney's office! Like that is going to happen! I do marvel over the fact that I recently purchased a 2 1/2 Acer property. The transaction was a QUIT CLAM DEED. Our wonderful District Attorney's Office sent the individual an inquire about the transaction being fraudulent!! I can believe it! Our government and judicial system is in question? I can fully see why! When you have the top officials in the F.B.I. and the D.O.J. exposed for their corruption, what can you expect from the lower levels. I have the notification being sent to me and once I have it in my hands I will take it up with the D.A.. The main issue we need to keep in mind, left or right, is that our way of life is being challenged. We need to pull together and set the record straight with our elected representatives.
