From the Editor "Side Note!"

The Left is losing their minds over our President sending regular army troops to the border. I can tell you the reason he did this. Governors like Jerry Brown control the States National Guards. Jerry Brown can dictate to the President what his troop will and won't do. With the Regular Army that is all Trump. We have an invading force heading our way and if you saw the footage of what they did entering Mexico you should rethink what this is about. All the Dem's on the Left act like we owe this potential invaders a good life. Have you noticed that the Left avoids the subject of taking some of these so called refugees looking for asylum home with them. The game the Left has play on individuals and minorities of the years is simple. To the minorities they say "Rise up and take a stand! The Whites are the reason your lives are failing!" To the Whites they lay a guilt trip on how you, being White, had an unfair advantage in life. Now you (White People) need to accept your punishment. You had it to easy and now you have to pay. You need to give up your personal property, pride and privilege of being White. You are evil because of your skin color. Is anyone else having a hard time with this message? Well according to Crying Chuck Schumer and Nancy Pelosi you need to accept your fate. You will have your punishment delivered unto you and your family by Maxine Waters. After all, it is only right that she being of color is the Judge, Jury and Executioner. You will pay for electing a "White Man as President"! You will pay for not electing their QUEEN HILLARY! You will pay for demanding justice for Kavanaugh. You will pay many times over, and same goes for your family. The Left wants their "CRUMBS BACK"! They want to increase taxes. They want the jobs to disappear because Barrack Obama said this is a new normal and that you just need to accept that as truth. You should never challenge his words or his wisdom. If you do, they will make sure that you are called out for the "Racist Garbage" that you are!

THIS FRIDAY 11/9 Our topic will be the new movie **STAN & OLLIE** Available in Theaters January 11th 2019 ..Steve Coogan and John C. Reilly Capture Laurel & Hardy Onstage and Off .In the hilarious movie comedies of the immortal Stan Laurel and Oliver Hardy, many of the laughs come from watching the duo teetering on the brink, unaware that they're about to crash their car or to have a floor give way under them or to drop a piano down a very tall flight of stairs. "Stan & Ollie," which explores the duo's career in its final stages — as well as their ongoing off-screen relationship — does a lot of teetering on its own, although luckily it never topples. It's a story about the serious side of comedians that never indulges in sad-clown sentimentality. It calls upon modern actors to recreate iconic film moments without falling prey to the many potential embarrassments of such restagings. And it intelligently explores the limitations of working partnerships, not to mention the elusive line between partnership and friendship, in a way that neither canonizes nor excoriates its famous subjects. No matter what the "VOTERS" want, We will continue to go after Trump with a vengeance! We always new that if a Businessman was elected our days were numbered!

For years we were able to convince the "VOTERS" that you can't run the country like a business! We knew it would show the public the truth!

When you run a country like a business, you expose the evil.

**FROM THE EDITOR!
"UNSPOKEN THOUGHTS"**

Well now that the elections are over, we will see what we will see! The Republicans are running on a great track record and the Democrats are running on female body parts. I really can't believe that the people on the Left are really that doped up or delusional to buy into Hillary Clinton or Barack Obama's "BULLSHEET"! Ever since we let the politicians have the freedom to run unchecked we have lost many of our values as a nation. I can remember a time when a person who would brag about illegal activities would be investigated and arrested. Not so with the system today. The criminals walk free and the innocent are put on trial. It seems that over the decades the movies that predicted Science Fiction of future events are starting to become a reality. We have MMA Fighters that beat the hell out of each other on cable TV the only difference is that they are not fighting to the death! YET! When you look at movies like the "Hunger Games" we are not that far away of becoming a nightmare. When we allow condemnation of the people who are actually doing things to improve our lives and do nothing? When you see a "SACK OF MANUER with EYES" like Maxine Waters and Nancy Pelosi condemn and threaten the safety of the President and his family and we stay quiet? When we put up with crap from the "QUEEN of the DOUBLE STANDARD" Hillary Clinton, we need to look at ourselves and rethink who we have become. Americans should be out for Americans. That is not a racist statement. This has nothing to do with color. It has to do with knowing right and wrong. Now we are "BULLIED" into submission by common bottom feeding morons! Ever since prayer was removed from our schools back in the 1960's our country and values have changed radically. We allowed a 7% minority to dictated to the rest of the nation. This class of people are responsible for many of the attacks we are seeing against Trump, Kavanaugh, Cruz, Rubio. These individuals idolize the Clinton's, Winfrey, Waters, Warren. Also the degenerate Hollywood crowd that dream about blowing up the White House.
