From the Editor "Side Note!"

The new administration will take over in Sacramento in January 2019. This will be very interesting to see the new bills, taxes and fees that we will be facing. If you haven't heard the latest let me fill you in. There is a new bill to hit the state senate and assembly that will increase the fees on purchasing a firearm by \$25.00 more. This is to discourage a law abiding individual from making a purchase. Eventually they will get this fee up in the \$200.00 and \$300.00 range to make it less and less affordable. The ammunition will also be hit with some sort of BS fee in the near future. I firmly believe that if we do not send a strong message to Sacramento that during Gavin Newsom's term they will actually be the first state to try to confiscate firearms from the citizens of this corrupt state. When you watch all the ASS CLOWNS that this state has in Washington D.C. the message is very clear. Let's see if we can get some clarity on this dilemma. We have Nancy Pelosi, a senile old soggy bag of rat Schitt with eyes! Kamala Harris, a self righteous wanna be a rock star like Obama that falls short and sure needs some manners. A few weeks ago I compared her to Joe Camel in Drag. Shame on me. Please don't take that as an apology, because it's not. Then one of my favorites Adams Schiff, and I think President Trump called it right when he tweeted with Schiff's name as Schitt. This joke really thinks that he has a shot at running against Trump. Then there is Dianne Feinstein who has shown the nation she can't be trusted. Just ask Christine B. Ford who Feinstein threw under the bus during the Kavanaugh hearing for the Supreme Court. California is a laughing joke. You have all the Hollywood BUTT PLUGS that want to dictate how you are going to think and how you are going to live your life. How can you give any credibility to people who need other people to write things for them to say while they pretend to be someone else? In a real pinch, do you really think that you could call them to arms to defend the nation if under attack? California, the stagnant over flowing toilet that needs a good flushing!

We are still getting the story out there that there is no "CARAVAN" heading to the Southern Border! Schumer and the rest of the gang can sell this one for sure!

Without a doubt! The Left has the situation under control. Everyone knows if they speak out about it, they will be labled a racist! BRAVO!

When you run a country like a business, you expose the evil.

Pamela's World!
Hello my friends,
How are you? When I was born my birth certificate does not stay Democratic or Republican I was born in the United States of America who sings you cut my attention we don't say the Pledge of Allegiance anymore in our school, nor do I see the American flag flying high except for post offices and a few scattered places here in there we should be a proud Americans who love our flag year around, and not just on holidays. Our veterans have fought hard and some have lost their life's for what they believe in ! We are proud Americans let's show it, more important ACT like it is. There is a saying "You don't schittle where you eat" I've seen so many folks throw cigarette butts and trash out the window of their car. Any road you travel the amount of trash on the ground is ridiculous. I keep plastic bags in my car and will stop just to pick up not only aluminum cans and plastic bottles but the trash around it I didn't put it there but I can make a difference if everyone has this attitude we have a cleaner world to live in.
God Bless America!

God bless & until next week,
Little Sis Pamela

**FROM THE EDITOR!
"UNSPOKEN THOUGHTS"**

Well, by the time you are reading this it is only 12 more days till Christmas!! When we reflect back over the last year we should try to see all the good that has been accomplished for our benefit. Everyone needs to take a deep breath and get a grip on reality. We have been divided as a nation by the powers that be in Washington and that should never have happened. Financially our nation is doing much better with the new administration. The old leadership of Obama fell way short of helping us out of the mess that George H. Bush left us in. The mess in the Middle East is what he has brought to the world. Europe is in turmoil for taking in all the so called refugees and ignoring the needs of it's own citizens. The plan that was in place from Obama was to take us down that same trail with Hillary Clinton in charge to continue his destruction of our independence in the world. If Trump had not been elected none of the crimes and corruption would have been exposed. We have the top individuals in our Justice Department that have signed papers that were filed with the FISA Court to have an American Citizen investigated. We Have Comey, Weinstein, Orr and Strozck that swore the information was correct and that they had evidence, witnesses and testimony that the Russians were in collusion with the newly elected President. They would stop at nothing to keep Trump from exposing the truth about how the system has been played for decades against the American Citizen. There are many felonies that have been committed. These people are finally being called out by a judge that wants to have a full accounting of what has transpired. He is for opening a full investigation over the private server and the deleted emails of Hillary Clinton. He knows that the pay for play was a reality and not just the delusional rant of a President who was trying to take the heat off of his campaign. A blind man can see the in your face arrogant stance of all the corrupt politicians on both sides of the isle in Washington. I would like the new year to bring us together and our nation to continue to prosper.
