## From the Editor "Side Note!"

Ho, Ho, Ho, Merry Christmas!!! Yes, next Tuesday is Christmas another year has managed to pass by. This is the season to be thankful and grateful for all the blessings we have bestowed upon us in our country. We have these blessings because of the men and women who have fought and some gave their lives for our freedoms. The men and women who are overseas serving in our Armed Forces will not have the same Christmas Cheer as the average civilian in America. If you happen to know a family that is currently separated from a loved one serving our nation reach out and thank them for their service. It is not only the Veteran who should be thanked. The families that are left behind are also veterans. If you are in a financial position to do so, send a nice care basket to that family. You can do it anonymously if you choose to. That way they never need to feel like it is sympathy or a handout. Just try to remember that it is not a Left or a Right thing, it is a Right or Wrong issue that we are facing in our nation. We have always tried to make everyone feel welcome and that they are part of the "Melting Pot" of America. Now, politicians are only looking to make everything about political correctness and votes. In a truly politically and socially correct Christmas Season, Santa would show what true correctness look like. He would drop down the chimney and look around, check his list twice and then gather up all the gifts and distribute them to a neighborhood he feels deserves them more than the family that he took them from. Just think about that! Social and political correctness is without a doubt destroying our country and our unity. It is not to late to change the coarse of the nation before we selfdestruct. We have now reached the point where we can wish people we know and strangers a "Merry Christmas", and not be afraid of offending someone. It is sad that something so joyful can be twisted and distorted into an offensive time of year. To all of my readers, I would like to say,

Have a Very Merry Christmas!!!

We are still getting the story out there that there is no "CARAVAN" heading to the Southern Border! Schumer and the rest of the gang can sell this one for sure!

Without a doubt! The Left has the situation under control. Everyone knows if they speak out about it, they will be labled a racist! BRAVO!

When you run a country like a business, you expose the evil.

**Pamela's World!**  
Hello my friends,  
How are you? When I was born my birth certificate does not stay Democratic or Republican I was born in the United States of America who sings you cut my attention we don't say the Pledge of Allegiance anymore in our school, nor do I see the American flag flying high except for post offices and a few scattered places here in there we should be a proud Americans who love our flag year around, and not just on holidays. Our veterans have fought hard and some have lost their life's for what they believe in ! We are proud Americans let's show it, more important ACT like it is. There is a saying "You don't schittle where you eat" I've seen so many folks throw cigarette butts and trash out the window of their car. Any road you travel the amount of trash on the ground is ridiculous. I keep plastic bags in my car and will stop just to pick up not only aluminum cans and plastic bottles but the trash around it I didn't put it there but I can make a difference if everyone has this attitude we have a cleaner world to live in.  
God Bless America!

God bless & until next week,

**FROM THE EDITOR!  
"UNSPOKEN THOUGHTS"**

This last week the Republicans are on board with the Federal Judge who is reviewing the 302's that are containing the information that was used to destroy an American Hero, General Flynn. This man served this nation for over 33 years. Then you have a bunch of traitors that concocted a story and get this man to agree to the charge that he lied to the investigators. The plea deal was the short way to keep his family safe from any further damage by Mueller. Mueller's false investigation was to cause General Flynn to declare bankruptcy and the treat of going after his son was more than the General could bare. The whole corruption on the part of the Left is in your face if you just look at it for what it is. Obama was on board with Hillary and the sale of our Uranium to the Russians. The FBI knew that this was an act against our nation and the agent who was the whistle blower was made to sign a non disclosure agreement with threat that he would go to prison if he made the information public! Democrats and Republicans alike should take issue over this action. It is the MOB on steroids! These handful of losers need to be held accountable for their actions. Mueller and Comey need to pay retribution to General Flynn. Then you need to indict the whole group of criminals and have them arrested with no bail. The wrongs that have been done by the individuals who were only looking to profit by selling out our nation is without a doubt treason. Clinton and all her arrogant stare at the cameras with that HOLIER THAN THOU look needs to be brought down a peg or two. The Clinton's have broken many laws on many levels during the last 40 years. They have compromised our safety and opened the door to allow criminal enterprises to get a foot hold on our security. Yet, nothing has been done as now. The Federal Judge needs to get copies of all the documents that Mueller has redacted. This sack of SCHITT with eyes needs to be held accountable with Comey. We need to show all the nation and the world that we indeed are a righteous independent nation that will not be trampled on.
