**Pamela's World!**  
Hello my friends,  
Hope everyone is preparing for the summer heat. LOTS of water for your self & pets. Ok now for a real treat, i would like to introduce you to a women i have met & now i can call her her a friend, with many talents of her own, Denise Grommer .Today she shares one of her mother's poems. I was my mothers caregiver for over twenty years and we lived in Apple Valley Ca. for nineteen years before her passing in 2012. its Called (The Little Voice) The little voice within me I don't even know its name but its purpose seems to be to judge and cause me pain The little voice within me that tells me when I do things that are right and proper things both wrong and taboo. It will whisper words of comfort when I'm feeling down and out when I'm really doing bad things it gets angry and it shouts it doesn't talk to others or tattle about my sins it would rather stay inside me and really do me in it never seems as delighted when I'm doing all things right but let me do a single wrong and it will keep me up all night. The little voice that fills me with guilt, regret and shame whose job it is to guide me is driving me insane I'm told it is my conscience but I'm tired of listening too all it's worldly wisdom of what I should or shouldn't do. My Mother always told me "listen to that little voice!" Well Mom that's what I'm doing because I simply have no choice!

### "Side Note!"

A week after my session with Dr. Burke I am still great! I can't believe the difference it has made this last couple weeks. I am still sleeping better and moving smoother. Introductory offer is \$25.00 \$35.00 per visit afterwards.

With the second visit, Dr. Burke still took his time and expained everything again that was going on with my back and neck. He never rushes, just a nice pace that you will be pleased with. After Dr. Burke re-appraised my condition using state of the art equipment he proceeded to inform me to what the machine had to say. On the computer screen you can see all the readings in real time. I watched the readings and clearly understood as Dr. Burke explained what he was seeing. Using the latest techniques with the state of the art equipment he proceeded to make the adjustments necessary to make the pain I have had for years to subside. After about 30 minutes the session was completed. At this point I once again could really feel a difference. As I stood up the pain in my lower back had almost completely been removed. I could also feel the great flexibility to my battle worn body. I have worked with horses for over 50 years, stunt double work in westerns for 25 years and not to mention PRCA. All these combined have taken toll on this body. Mow as I headed to my truck which is always to much fun to pull myself up into, I actually was up and in before I realized the smooth ability that was even better than the first visit. Dr. Burke has a great sense of humor and he is very easy to talk to and his answers to your questions are easy to understand and right to the point. I can't believe that I am already looking forward to the next treatment. There were many people from Lucerne Valley that had set an appointment with Dr. Burke! He even managed to take a walking between normal appointments!

Great Doctor and wonderful healing!

**FROM THE PEOPLE**

DEAR EDITOR, Hello. Let me preface this email with the statement that I have never...I mean never....responded to an article I have read in a paper or post. Recently I find myself wanting to post online however I end up erasing my responses before I hit the button to post them. I picked up a copy of the Nickel Shopper to gaze at as I was early for my nail appointment. I read the 2 articles that appeared in it (Jan 10th copy) and found it very refreshing. Your opinions fall right in line with mine. I still can't believe that Californians (excluding many like you and I) can continue to cruise along and not stand up to the politicians by electing new ones. It also amazed me when California voters did not repeal the recent gas tax hike and now allow officials to continue to raise that tax and use it however they decide. Now I do understand that the politicians mislead the public in the way they wrote the voter information guides and such. It still amazes me that it passed. The hypocrisy of the democrats is unbelievable. Anyway, I just wanted to acknowledge how refreshing it was to see someone actually print what they were feeling regardless of how the liberal media react.

Thank you for making my morning.

Belle

**FROM THE EDITOR!  
"UNSPOKEN THOUGHTS"**

With Saturday June the 8th being the 75 year anniversary of the invasion of Normandy you would think that would be the most honored event that the free world could get behind and remember the brave men who gave their lives for our and the world's freedom from Nazi Germany. You also have to remember that these men averaged 18 & 19 years old. The only thing that the FAKE NEWS MEDIA could focus on was how terrible President Trump is. The LEFT starting with all the ASS GRABBING KNEE JERKING PUD PULLERS IN WASHINGTON could focus on was Pelosi and gang wanting to put our President in prison. Naddler is a Father Humping Joke. I want to see his corrupt ass get what he deserves. The thing that pissed me off the most was the QUEEN BITCH OF THE ASS KISSERS was on TV talking about how the election was rigged. The other thing that pissed me off is everything this TOILET TROUT MUNCHER was claiming that Trump had violated was infact every law she broke. Why the hell are the SHEEPLE in this country allowing this to continue is beyond comprehension. Mueller is as dirty as they come and same for all his hit squad. You have other ASS CLOWNS like Eric Swallowswell or is it Swallowsalot acting like his turds are pure gold. If this is offensive to anyone that is reading it, I suggest you pick up your favorite blanket, play dough and Barbie Doll and cry in the corner. When did this country forget how to raise solid young men that would stand up and proudly represent all that America stands for. We have little dick whistles that are really an embarrassment to our nation. When the hell did everyone gets a trophy start making sense? When did it become logical for us to allow government to dictate how we raise our children. When did it become shameful for Christians to hide their belief so as not to offend members of a 3rd World Cult. These bastards were just elected to our government and piss on your rights daily.
