"Chronic Pain May Harm The Brain!"

"Depression, anxiety, sleep disturbances and decision making difficulties, which affect the quality of life of chronic Pain patients as much as the pain itself, may be directly related to altered brain function as a result of chronic Pain." Dr. Chialvo, M.D. Journal of Neuroscience. The most successful treatment of low back Pain doesn't involve any drugs for surgery! A medical doctor friend related this disturbing fact... 20% of back surgeries are successful 80% are failures. Don't gamble your health away... Chiropractic and laser therapy are very effective in relieving most back Pain problems! If you're experiencing symptoms, have been treated with little or no improvement, or want a second opinion, please call me at 909-647-6223. Don't procrastinate, let me help you. I help most of the patients accepted for care.

From the Editor

"Side Note!"

This is the last week that the congress and senate will be in session until the end of August. You know that I am amazed at how little actually has been accomplished these last two years. I mean, after all, the congress and senate are notorious about accomplishing nothing. This time I think that they have set a new record!! All that has been focused on is Trump and if he can continue to come out of every investigation without mud all over him! Well, when you want to see people covered in mud in Washington just look at the Left and the Never Trumper's! These bastards will look you in the eye and lie, even when you were just shown the evidence of the lie. Schiff, Schummer, Pelosi, Feinstein, Swallowslots and last but not least! Occasional Cortex! Where the hell did this reject from a strip club get educated? I mean I have seen some ridiculous bimbos in my life, but she shot to the top of the list!! For those of you who find my writing offensive, all I can tell you is to stop reading before you burn your eyes out!! Now a days everything is offensive. If you look at a person and he takes offense you are expected to apologize and make financial restitution. I can't believe we are having these dumb ass discussions! The amount of Bullshit that is spread lately is beyond compare. Some Gay Ass Clown is saying how he is going to save our country can't even get endorsed in his own town that elected him mayor. Then not only are the Black's wanting to be compensated for the wrongs that were done, the LGBTQYRZP are also looking for a hand out!! This country is in a terrible fix and if Trump is defeated we will be torn apart from within as has been predicted by many of our enemies over the years. The new generation is about as worthless as tits on a bull. Sad that it is at this point in our history. And the left thinks it is normal.

Poet Laurel Stamps

Hi, everyone, Its Denise Groomer and I'm back with another Poem that my Mother wrote in 2012 titled

"PROMISES"

The promise made by rainbows, To say the storm has passed
The promise of Spring blossoms, to say Winters gone at last
The promise of morning Sunrise to say the long dark night is through
The promise of forgiveness when we've gone astray
The promise of guidance, when we've lost our way
Our lives may be so saddened, full of chaos and of stress
But the fulfillment of such promises says we are truly Blessed

**FROM THE EDITOR!
"UNSPOKEN THOUGHTS"**

This is for the average working man who has no time to do anything else. This is for the man who takes care of his family, friends and even on occasion a stranger in need of his help. In this I am not trying to say that women don't go through the same thing, but I am never one to give into pressure to be politically correct. The time for correctness has passed. We are now at a point where we have 96 sexual orientations. We have individuals who are pushing for more and more rights for things that are so strange, 30 years ago you would have had your ass handed to you in a to-go bag! We have people in our education system here in Commiefornia that are promoting degenerate behavior to be taught in our schools! By that, I mean really degenerate. I heard that they proposed to teach young men around the age of 11 to properly masturbate so as to relieve tension and not present a danger to females around him. They want little boys and girls to be considered gender less until a point in their lives that they can decide which way the rope is going to swing! If you are born with out said rope, they will be glad to surgically attach one at taxpayers expense. If you find something to difficult to deal with, you just report it to the new morality police and they will come and arrest the individual or they will have a court fine them heavily. This could not get any stranger if I were having flash backs from a bad acid trip that I never went on! The new normal is exactly what that joke Obama said it would be. You will be taken to the cleaners if you have moral values and try to pass them on to your children or grand children. Good morals are a thing of the past. Any new thing that you want to try that really turns your crank is acceptable. The thing that will not be tolerated is prayer and looking up to heaven and God for guidance. If you have a bible, I do, you will need to hide it to keep your family safe.
