Line Locating Service!**

If they are there we will locate your property survey markers!
We can show you the truth about the myth that your
property lines are accurate! Rural properties are our
specialty! Before you build or fence your home, have
peace of mind! Most property lines are not where you
think! Some one built a fence and never checked!

The DNC debates were really interesting. I watched and watched and watched! There was never a magic moment that anyone really rocked the house!

Even the idiots on the left when interviewed on CNN could pick just one our of the herd that might have a chance debating President Trump on live television.

DNC still grasping at straws hoping for a hero to save thier cause!

Pamel's World!

Hello my friends, Thank you for the phone calls. I was wondering how many of you read Pamela's World each week. I apologize for the last couple of weeks of missing articles. I Took some time off & went to New Mexico, I'm recharged & ready to handle life. If your new to the Nickel Shopper. You can go on line & look up past stories, recipes & print out coupons. "Pamela's World Hear we go. I really need to clear up something. A few months ago I walked into a room & caught the end of a conversation. As I walked by I said " I SWING BOTH WAYS !" I went to my car & pulled out a snow suit & a bathing suit. I held them both out. Then turned around to than get High heels & a pr. of work boots. you see I can swing both ways. These poor folks, mouths dropped open & their eyes started to water, From laughing so hard. Lets say I wont be eaves dropping any more. P.S. I think what really was surprising to them was I was serious. Now I know what they where talking about. at 57yrs. We are always learning.

So be good to your self & each other.
Until next week Lil Sista.

From the Editor "Side Note!"

I am a proud Veteran who served my country in a time when American service men were attacked and spit on during the Viet Nam period. I stood my ground even when I didn't think I had any strength or courage left in me to carry on. I managed to endure and hold my head up with pride when I now look back on my DD-214 and my Honorable Discharge papers. Myself and others were the reason that you have the freedoms that you enjoy today. Others that came before my time and paid for my freedom with the ultimate sacrifice. Having an officer whom you don't know handing you a folded American Flag is not much comfort for Husband, Wife, Son or Daughter. We all would like to say to you "You are very welcome for your freedom, please don't forget how you obtained it. Please take time to thank a verteran or a currently serving service member.

We are the 4 anti American scum bags that Trump hates. We don't care about this country, it's history or it's people. The only thing we care about is destroying everything that the past generations have worked hard to give you. We will be glad to watch your children starve as we turn American into a Muslim Slum. As far as Cortez, we will use her to further our goals. Then like you, we will excute Cortez for she will serve no further purpose. She betrayed her country as we will. And you will let us!

Poet Laurel Stamps

Hi, everyone, Its Denise Groomer and I'm back with another Poem that my Mother wrote in 2012 titled MAILBOX,

I am the U.S. Mailbox I stand tall beside the road Waiting for the mail truck With its really heavy load
 I see my owner peeking Through the window blinds Anxious to see the treasures The Mailman leaves behind
 Today my little flag Is standing up to say Please take the mail inside me And send it on it's way
 Some days my box is empty Some days it overflows With bills, letters and fliers A few greeting cards; "I like those"
 Sundays and Holidays are lonely That's when the mail doesn't come But the mailman needs a day off even if it's only one
 When people are waiting for special news And it fails to come that day I see the disappointment in their face and there's nothing I can say
 Some days I get a package Along with other mail I wonder about it's contents When retrieved with a smile, without fail
 No matter what's placed inside me Whether junk mail or magazines I take pride in what I doing It's a job out of my dreams

**FROM THE EDITOR!
 "UNSPOKEN THOUGHTS"**

The big story of the week is Mueller testifying in front of House law makers. This is really getting to be a dog and pony show. The Dem's keep thinking that if you ask the same question over and over again in three different languages you will finally get to the truth that President Trump was guilty of everything under the sun except the Lindbergh Kidnapping. I wonder how anyone it their right mind would go out in public and say that they are in full support of individuals like Nadler, Pelosi, Schiff, Schumer and all the rest of the fools who have lost their minds since Donald Trump was inaugurated. How can you sit across from a person and keep a straight face and say that you are on board with the witch hunt that has done nothing but waste our tax dollars? Now with nothing new to be revealed Mueller is nothing more than a Troll. He knows that when questioned by the Republican side he will have to take the 5th. If not he would have to lie about everything that has gone on from the FISA warrant to all the illegal surveillance on American citizens and the wire tap on Trumps headquarters. It should get real interesting when he is questioned why nothing was done about Hillary and her group of bottom feeding scum? Comey is getting ready to see what it is like to be put under the magnifying glass. This bastard and several others have written books and making profit off their crimes since they have not been charged. The American people have been duped and it will continue until we clean house in Washington. Their are many of the never Trump'ers that are just as dirty as the ASS CLOWNS on the left. I personally think that when one of our elected representatives speaks out against American Citizens they be removed from office within 24 hours. Then we have them reveal all their financial records and account for the fact they have millions!

Discover a new way to treat your **Pain!** Break free with the new non-invasive device (Super Pulse Laser) that is FDA cleared and clinically proven to reduce **Pain**. Let me help you live **Pain** free. Here is what Georgeta Swartz had to say. "I'm a young mother of two, in my early 30's and have had migraine headaches since the birth of my first son. I've had them almost daily for 9 years. Sometimes they were mild, sometimes debilitating. I had trouble looking at light, was sensitive to noise, sometimes I would get nauseous and more. I would take all kinds of medicines for this. My regular medical doctor had no answer and couldn't help me. They just gave me pills. The in December I went to Dr. Burke. In one-two treatments he ended my years of misery. He used the Pro-Adjuster and a laser to treat me. I had no more migraines and could sleep soundly at night. And no more pills! I am very grateful for an easy solution by a very nice Doctor!
Thank you again Dr. Burke!
