Pamel's World!

Hello my friends, Life should not be a journey in an attractive & well preserved body, but rather to skid in side ways, chocolate in one hand, bible in the other, body thoroughly used up, totally worn out Screaming " WOO WHO what a ride. My new motto. I found a piece of paper that fell out of my mom's things. as for my self, I wouldn't have candy or the bible in either hand. Because chocolate melts & with every thing being white, clouds, angles wings,etc. NOT a good look, i don't mind the body thoroughly used up, but I'm not sliding in side ways, LOOKING like I messed my pants, It's bad enough the bladder keep some of us racing to the bathroom. I won't have the bible, my GOD has already red it ! Ya think ? I will slide in with a friend or 2 be cause with that kind a weight it should get us to the front of the line. how ever it happens its not today, So get up on your feet, deep breath, START LIVING.

P.S. I want to give two shout outs to ; My Dad 83 yr. Charles A. O'Harro / many know him as CHUK-O 43 yrs. SOBER & will be coming into town, from New Mexico . And to Mike Simpson for 6 mo's Sober. That's huge, With the Old timers & New comers , It remind me of the past we longer choose & a Future i can look forward too

So be good to your self & each other.
Until next week Lil Sista.

From the Editor "Side Note!"

The recall on Gavin Newsom our wonderful Governor will not be made easy by the state of Commiefornia! They (Sacramento) protect their own when it comes to making things difficult when it comes to such topics! I have it on good authority that if you don't complete all the boxes, and use good punctuation and correct spelling your recall ballot will be thrown away. If you down load the recall document and don't print it on 8.5 X 14 inches, what is called legal size, your recall petition will hit the trash can. Commiefornia is in serious financial trouble.

You have thousands of homeless on the street in our largest cities. The diseases that are showing up are the same as the ones in the middle ages that almost wiped out most of Europe. We have issues with trash piles that are infested with rats. We have people actually taking a crap in public places. If your dog did that and you did not immediately pick it up you would be fined \$300.00. You have programs back by politicians that provide and promote drug use in public venues. The list goes on and on. Yet, the people on the left keep telling us that our President Donald Trump is the problem. They say that he is a criminal that needs to be impeached and then prison. Just ask that ass bag Maxine Waters. This vile piece of human waste started with the "Impeach 45" before he was even sworn in. I can't believe that there are so many Democrats ot high intelignce out there that are on board with this crap. I think that in 2020 the country and the world will see Donald J. Trump hit the big brass ring again and get reelected. Ass clowns like Poca-honky Warren and Farticus Booker are the best that they can come up with. Biden need to have someone check his depends every few hours. Camel Hair Harris is just what she is, a ladder climbing whore!

Failure**

Don't see yourself as a failure, if you do your so terribly wrong

You've merely taken a detour to get back where you belong

We all have setbacks at sometime before we can find our way through

Getting side tracked just happens and this time it's happen to you

Think of all your success, the accomplishments of the past

You're not really down and out, You're accomplishments were not your last

Sometime when we stumble along, sometimes we even fall

It's just the world reminding us, you can't possibly win them all

The good will come with the bad, success when failure departs

Just hang tight and do your best, till you see improvement start

**FROM THE EDITOR!
"UNSPOKEN THOUGHTS"**

It is amazing how everyone on the left keep pointing out faults in our President on every little thing that he does. They challenge his intelligence on every level. Let's take a score count if you please. Trump took out two business people and 16 professional politicians for the nomination. Trump defeated Obama's legacy and his pet bitch Hillary Clinton in a rigged election. She was to be the next history maker to hit Washington D.C.! She was to make it into the history books for your great great grandchildren to read about and admire! Trump was going to be destroyed with the back up insurance plan that the corrupt upper F.B.I. had put in place to take him down. Obama knew damn well what was going on. He was arrogant and belligerent when he made the statement to Trump. "Well I might go down in history as the nations worst President, but, I can say I was President!" This bit him right in the ass. He also said that the jobs that had left were never coming back. He said, "What's he got, a magic wand?" Well, guess what Obama? Trump apparently had a magic wand. Maybe that is why he has a really hot wife, oh yeah, a world class super model! Trump is always going to be 100 steps ahead of the left. I know his secret and everyone laughs at the thought of it! Trump not only thinks he is the smartest man in the room! He knows he is! That is not arrogance on his part, that is just facts. In 2020 he will be elected again. He will have a larger voter block. Many Democrats will be voting for him, they just don't want to talk about it. They don't want to become targets for the left to attack. We need good morals brought back to our nation and our children. Trump was a playboy once upon a time. Then he changed when he took the oath of office and in plane English said, " I return the government to the rightful owners, the American Citizens." The Left hated that he took away thier control over us!
