Pamela's World!

Wow another month already passed. I feel like Every thing is trying to be the fastest, phones & P/C are not even COMPATIBLE with other devises. The word they use is OBSOLETE. Those two words would describe The Families we have to day! I have seen so very little respect to our elders, WE have lost so much of the old ways. Could you imagine the show called the Waltons ,What if Johnboy sent a text to his Grandpa & said " YO what up my Dog ? or Hey pops could you fetch me a cold one & a grub " As i'm writing this i can see my self walking up to Jonboy & giving him a sift kick in the ass, & don't need to say any thing about Mary Ellen I want to remember her with good manners like " Yes or no Mamm. how it should still be There are shows like Roseann Barr show that people loved maybe because the mom talked or barked at her kids like maybe some of you wished you could say it to your brats, I don't know when & were it happened. Maybe when T.V dinners came out ? now we have GUB.HUB. So slow it down, if there is a family member your NOT COMPATIBLE with take the time to see if it can be fixed. Please or the family members are becoming OBSOLETE. Without the Grandparents, Uncles & Aunts, Our Children have video player as a babysitter. Hope i made my point clear. Pamela's Cleaning Service has a new Office phone # 760.810.7227

So be good to your self & each other.
Until next week Lil Sista.

From the Editor

"Side Note!"

Just when you thought Gavin Newsom our wonderful Governor could not stoop any lower he hits an all time low in values! This Bastard Nephew of Pelosi is doing exactly what I said he would. He is making former Governor Brown look like conservative Rush Limbaugh!

We all knew that the roads needed lots of work and repair. This demented son of a bitch has channeled the 5 billion dollars to other projects such as more bike lanes!

Are you FNNING KIDDING ME? Once again we are not only screwed at the pump but also at the curb! He never had any intention of helping our citizens. He is working hard everyday to make it more and more Socialist in Commiefornia. He and his aunt Pelosi are true turds that didn't fall far from the checks! Why in the world do we stand by and allow this crap to happen? Have we really smoke so much WEED that we no longer have a grasp of reality? Have you fried your brains one to many times on LSD? We are going to be put in a position to pay for education, health and housing for a bunch of mongrels from 3rd world shitholes that broke many laws coming into our state and country. You look at the ASS BLOSSOMS on the stage at the Democrat debates and you want to hide your head in shame that we have such a group of losers looking for you vote to take our country further down the rabbit hole. There is only one candidate on that stage that I personally respect,(but don't endorse) and that is Tulsi Gabbard. She is a woman that has served in our armed forces. For that I thank her. She is looking like the only sane one on the stage. She called out Hillary Clinton and challenged her to enter the race and debate her. Clinton won't do it. She knows this woman would tear her head off and play with it in the corner. If we have any chance at all it will be 4 more years of PRESIDENT DONALD J. TRUMP!

DISENGAGE

I wish my brain had an off switch when I go to bed to sleep
Because my unresolved problems around my mind do creep

Looking for solutions on how to cure my woes

Turning dreams to nightmares which really curls my toes

When I think I've found the answers and drift into a deep sleep

I wake up in the morning with feelings of relief

But all the night time answers turn out to be just dust

And all the good solutions, I'll have to readjust

And so I start the day with my problems unresolved

I wish my brain had let me sleep and not become involved

**"FROM THE EDITOR!
UNSPOKEN THOUGHTS"**

Washington Post deems Muslim cleric hero dead!
Abu Bakr al-Baghdadi dead! Long live the President!
Just when you think it can't get any stranger it does!
Trump authorized the raid that ended up with Al-Baghdadi killing himself and 3 of his children with a suicide vest as the team moved in. He was in a tunnel with no exit. He is now where he belongs. Burning in Hell with the others that preceded him. The media had questions why the President didn't notify Pelosi, Schiff and Schummer? Well since you can't trust any of them, he made the right choice. Since the Special Opps people didn't need to be put in any more danger than they were already in. The people who were notified were the ones that really needed to know what was happening. The "Rabid Dog" is dead. Too bad it went so quickly, he needed to suffer just a touch more. He is the one who had the captured pilot caged, soaked in gasoline and burned to death. This piece of walking garbage was also responsible for many beheadings. I for one cheered at the news. I am sure that the criminally insane left will have issue with this passing!!! I personally was thinking about throwing a really good party with bacon sandwiches and beer!
Now on to the next scandal in Washington! The congresswoman Katie Hill resigned her office because of the sexual scandal that has recently aired! I don't know why she had to resign, she was only doing the same that the rest of the perverts in Washington do on a regular basis! Oh, that's right, she got caught! Sex scandal and your out! Try to overthrow a dually elected President and commit treason and lies and it is considered a normal and honorable endeavor! You can't get any stranger than what we have going on in D.C.. You could not make up a stranger more ridiculous story than the truth that we know it to be.

DEAR ABBY: My husband hasn't worked for the last 18 years. All he does is get dressed in the morning and hop in his fancy car to visit his cronies. I know he's cheated on me many times with young girls who could be his granddaughters. I know this because he brags about it to me. He smokes fancy cigars and drinks the most expensive liquor day and night. We sleep in separate beds because he tells me he knows I'm a lesbian and besides that, my varicose veins and fat behind turn him off. Should I clobber him with something heavy, or should I just leave him?

—Mad As Hell in New York

DEAR MAD: You don't have to take that kind of treatment from any man. I suggest you pack your bags and move out A.S.A.P. Don't resort to violence and try to act more like a lady. Remember, you were almost elected President of the United States, so try acting like one.

And Jeffrey Epstein did not kill himself.

Abby
