# Pamela's World!

The holidays are here, When your out shopping, keep in mind to lock your car. Now that just keeps out the lazy ones. if you have a wallet,phone,laptop,ect..Laying on the seat of your car, than your inviting trouble. Crime in our own town is on the rise, some folks will break out a window to take your things. one person had enough balls to steal the car stereo. Folks will tend to give money to the homeless around the holidays. What I will ask of you is look through closets & pull out thing you haven't seen or doesn't fit any longer, & they need also socks,hats & gloves, many homeless also have pets, carry in your car these extra items & some pet food. I get the cans that have easy pop tops. I'm not sure why or what has happened in someone's life to derail someone's DREAM & one thing after another. The straw that broke the camels back, maybe a divorce, job,death,It's not always about drugs & alcohol. I have had the privilege to know quit a few of them & their stories, when I hand out coats & supplies. I get to look into their eyes & see their soul, some still have a faith so strong, that they have a light so bright, they have a smile that says GOD loves me just the way I am. So I'll be ME & you be YOU, Because EVERY\_ONE ELSE IS TAKEN !!

### "Side Note!"

Candid moment when Obama and Biden were made aware of the Steele dossier that was now in the hands of our F.B.I., N.S.A. and other national security agencies along with the corrupt media that was on board with taking out Donald J. Trump before the inauguration.

Everything was in place to take the wind out of Trump's sails. With the help of the Deep State people that have been selling us out for decades, they plan was put in place. If you are supporting Donald Trump you will pay. They will go back to the day you were born if need be to find anything that they can twist and manipulate to use against you in there quest to destroy Trump and his family! There are those on the left that actually have called Trump supporters a cult. This man scares them to a point of insanity. No matter what they have devised to take him down and make his effort a wasted endeavor, Trump battles them and still accomplished more than any President in our history. Right now with the Adam Schitt inquisition they are finding witnesses that have no clue to anything that could be linked to our President. The latest ASSCLOWNS are really stretching reality. Schitt lies and pushes his weight around like he is George Foreman. Schiff is another Commifornia Chicken Choker from the Burbank area. When you see these clowns and how they are more insane and out of control day after day, you would think that the people who elected them to office would put a foot down and tell them to get back to work or you will be replaced. The millions of dollars that have been flushed down the toilet over this crap will never be recovered. The left could care less about what you or anyone else thinks! Bad Day my Friends!

My Mother wrote these poems before she passed in 2013 and now I'm sharing them with you, Enjoy!

**Time**

I never used to wear a watch I didn't have much need  
 Like most who'er young, I didn't care Wasting lots of time indeed  
 When I grew up to face the world I found time just rushing away  
 No matter how I planned I'd run short of time each day  
 I set my watch and all my clocks To read fifteen minutes fast  
 I always needed to subtract Trying to stretch the time to last  
 For many years the clock Was the master of my fate  
 Guiding my everyday activities Never allowing me to be late  
 Twice a year they add to The confusion about the time  
 By springing the clocks forward Or having them fall behind  
 I'm now quite old and retired My days of watching the clock  
 is done When I wonder about the time of day I look at the position of the Sun

**"FROM THE EDITOR! UNSPOKEN THOUGHTS"**

The Interview that you have been waiting for!! Adam Schiff and Nancy Pelosi speak candidly about the Russian Connection, the Ukrainian quid pro quo!

Question: Lately you have had a low profile as far appearing in the news with up dates?  
 Pelosi: That is true. I have been quiet for a few weeks now incase the investigation run by Schiff goes sour I am in the clear.

Question: In the clear?

Pelosi: Yes! I have the feeling that this might backfire and I don't want to put myself in jeopardy. I already have Adam's suicide note I got from Hillary's camp.

Question: So knowing that Pelosi has your suicide note does that bother you?

Schiff: Not in the least. It inspires me to try harder! I know I can create enough evidence to take Trump down!

Question: Create evidence?

Pelosi & Schiff: Yes, if you had been paying attention these last 3 years you know that we have to create evidence to get Trump out of office.

Question: So when I see the ads on TV that say you need to impeach Trump you are serious?

Pelosi: Yes, haven't you been paying attention on this interview. We can't beat him fairly so we are going to remove him.

Question: And neither of you have a problem with this?

Schiff: No, he is in the way and we are behind on our goal for the year on getting more of your money in our personal bank accounts with the kickbacks we get from all over the world.
