## From the Editor "Side Note!"

This is my friend Ted. Everyone generally referred to him as Cowboy Ted! Yes, Ted was quite a character. Anyone who knew him would nod yes. Ted passed away a I think around 5 years ago on Thanksgiving Weekend. Ted had been in the V.A. Hospital in Loma Linda for many weeks. Right before the holiday he had checked himself out and came back up to the Hi-Desert that he called home. Once in a while, when we road together on horseback, he would laugh and say that when he went it would be here and not some hospital bed where no one would even remember him as soon as they cleared the bed. One Christmas Ted came by my ranch and said he had a gift for me. He had taken two horse shoes and welded them, heels together and made a picture frame containing a Texas flag and a picture of his horse Chief. He said he was sorry that he did not have money to buy a gift and hoped that the picture would do. I still have that picture on my wall. I miss the times he fell off his horse in the middle of the night after some serious drinking. Chief would show up at my ranch and I would saddle up my Chico and go looking for him in the dark. He would grin and say Chief took a bad step. That was Ted!

The month of December this year will have 5 Saturdays 5 Sundays and 5 Mondays. It only happens once every 823 years. The Chinese call it "BAG FULL OF MONEY". Send this message to all your friends and within 4 days the money will surprise you. Based on Chinese Feng Shui, the one who does not transmit this message can lose this great opportunity ... I do my part, you never know!

God bless & until next week,

**FROM THE EDITOR!  
"UNSPOKEN THOUGHTS"**

Well my friends another year has passed! When we look back on 2018 I hope that we can say that we as a nation have had our challenges but can still pull together and keep the nation moving forward. It is a shame when we let the hired help dictate to us like we are backward children. I am talking about the House and the Senate. Both sides are guilty of this. It is not just a Right or a Left issue. It is an issue that has for decades plagued our system. Even the newly elected Democratic Representative-elect Alexandria Ocasio-Cortez has blasted the fact that congressional lawmakers still get paid during a government shutdown. The politicians for years have milked and played the system like a well worn violin. They get on TV and pound their fist and try to make it look like everyday is a struggle to help the poor simple minded citizens breathing on their own. They have convinced a few of our citizens that their way is the only way. They have followers that are not only blind, but dense. They only follow along with the agenda because they have been promised trinkets. You know "TRINKETS"! The same crap that was pulled on the American Indians. I always new the day would come when it would be our turn in the "PORK BARREL"! The independant thinker is now a danger to their well being. When Trump was elected they said that his inauguration speech was the most depressing speech they have ever heard from a President Elect. Trump has show us on every level the corruption in our government. He does not back down from the hateful trash, namely, Pelosi and Schumer. If the American Citizens do not unite behind our President our country will be lost. You can kiss your freedom goodbye. You taxes will explode uncontrollably and your savings will be seized. If you think that I am not seeing a clear picture, you are very mistaken.

The evil that has kept us at odds has been around for centuries. The powerful are only powerful and rich in the government because they have stolen our money. Pelosi, Schumer, Waters are prime examples.

Happy New Year!
