**RENTAL NEEDED**

My wife and I are from S. Apply Valley. I am a retired house painter of 40 years, we both work part-time, non-smokers, no alcohol or drugs. We've been living on 5 acres off Deep Creek Rd. for 1-1/2 years, we would like to stay living out of town; would someone have some housing with 1 bedroom or maybe even a Mobil home or house share? Would appreciate a call from someone, will pay a finder's fee. Would like to move ASAP. Prefer Apple Valley or Hesperia for rent.

**FROM THE EDITOR!**  
**"UNSPOKEN THOUGHTS"**  
 Hello again! I wish I could say that there was some good news this last week in Washington and along the Southern Border with Mexico. Biden started this problem, Harris is too busy laughing and acting like a super star and the House and Senate have their heads so far up their ass they needed to import from China the " New Glass Belly Buttons" to see where they are going! Iran is pissing all over Diaper Joe and the Jamaican Ho Harris. We have lost respect from most of the world leaders, friends and enemies alike. We are out of danger from the China Virus and yet they still insist that we wear that stupid mask, don't go to church and do as we are told. They are teaching the new "Woke Generation" that lives in your home how to disrespect the country and our values. There is no room for God in our daily lives if the Left has their way! Have you noticed that Piss Face Pelosi, the good Catholic that she is, is staying out of the public eye lately? Harris is just counting the days till Diaper Joe has signed his last executive order to their benefit and then they will send him to retirement. His legacy will be devoted to his use and promotion of Adult Diapers. This man has trouble putting a pen back in his pocket and the "DUMB ASSES" that voted for him believe he can deal with Putin and Xi? If you are still on board with the "GREEN NEW DEAL", from America's favorite bartender, I suggest that you quit smoking so much CRACK! Speaking of CRACK, have you seen all the proof of Hunter Biden's issues with whores and drugs. If it were any of the Trump children doing that the Left would have them up on charges and headed to prison. Did "1984" not come true?

## New guests weekly!

**TREVOR'S HAPPY HOUR** on Friday 4/16 we will revisit our interview with **MICHAEL STERN**. In 1971, ten-year-old Michael Stern thought he had died and gone to heaven as he watched a filming of Here's Lucy. He was enthralled with a redhead gifted with beauty, stage presence, and the ability to make others laugh. Over the next few years, he would attend several more filmings, meet Lucy, and eventually become (in Lucy's own words) her number one fan. He has released his book about their relationship which you can purchase [THELUCYFAN.COM](http://THELUCYFAN.COM)
