**FROM THE EDITOR!**  
**"UNSPOKEN THOUGHTS"**  
 Our nation has been slowly overrun with traitors from the White House, F.B.I., C.I.A., all the way to the "Joint Chief of Staff of the military"! We have a General Miley, I like to refer to him as that "Cock Sucker in Uniform", who called his counter part in China and said he would give him the heads up if Trump were to launch a nuke at them. Pelosi, wanted to have the codes for the nuclear football changed so Trump would not have access to them. We have nothing but a bunch of traitors now in charge of the country and they are doing everything they can to destroy us before November 2022 elections. If our nation fails, it will not hurt the Washington and Hollywood elites. These bastards already have it in mind that they are the ruling class. How dare the common people think that they should have rights? I am telling you that we have a smaller and smaller window of opportunity to take back control in Washington and put the traitors on trial for their treasonous acts. The "Woke" generation is the result of the last 60 years of having the atheist and degenerates dictate how and when we will jump and how high! It took me many years to get accustomed to not judging people for their lifestyle. Now with all the "Limp Wrist Bastards" telling me what I can and can't say the gloves are off. New rules! Stay away from me with your degenerate crap. Stay away from my grandchildren with your hate the nation, 952 gender bullshit. Stay away from my church. Stay away from me and my family. I have a list of bastards that I will start to publish in the next year and all the reasons that they need to be removed from office. The hypocrisy that they spew reeks of the same vile breath that you would expect from Satan.

**Trevor's Happy Hour Friday 9/24 EBONY SHOWCASE THEATER** with Valarie Stewart about her parents Nick and Edna Stewart. This Friday on Trevor's Happy Hour our guest will be Valarie Stewart. We will be talking to Valarie about her fathers legacy.. Nick Stewart (the voice of Brer Bear in Disney's Song of the South/the character Lightnin' in Amos ;n Andy TV show), who with his wife Edna Stewart, founded the historic Ebony Showcase Theatre in 1950. Nick Stewart was an African American actor who founded Los Angeles' Ebony Showcase Theater. He was born Horace Stewart in Harlem, briefly trying his luck at boxing, took to tap dancing, and later made the rounds as a stand-up comic. Stewart used various names, including Nicodemus Stewart, in a career that began in the 1930s and lasted for decades. He made his first movie appearance in 1936's Go West Young Man. The voice he contributed for the character of Br'er Bear in the 1946 animated film Song of the South lives on in Disneyland's "Splash Mountain" ride. But his life's work was with the Ebony Showcase Theater, which he and his wife, Edna, founded in 1950. It gave Blacks a chance to play non-stereotypical roles and show them as actors. Sometimes they were all Black casts, other times they were integrated casts. The Black stereotypes of Amos 'n' Andy have long since come under criticism. Of her father's role, Valerie Stewart said he was a pioneer who came up from the streets of New York and it was "a part that was a steppingstone that enabled so many thousands of people to get opportunities." The Ebony Showcase Theatre and Cultural Arts Workshop, Inc. is a 501(c)(3) non profit charity that has helped thousands of people of all ages and backgrounds from 1950 to the present.

Have you noticed that when you see celebrities and politicians at a party the only masks are the help?

That's because they have served the public a nice warm plate of shit covered in whipped cream and the woke are asking for seconds.
