**AGAINST AMERICA AND**  
**HER CITIZENS**

Bill and Hillary Clinton. Both liars! Bill didn't have sex with that woman and lied to the Congress to cover up his betrayal of his family and abuse of his power in office. Hillary Clinton lied about Benghazi and was defiant when questioned by the Congress. She replied, "What difference does that make now?" Running for the Democrat nomination for President, over saw the Russian collusion lie. She felt that she was owed the Presidency. She is another sack of crap from the Washington swamp. She should be in prison for her betrayal of her oath of office.

**FROM THE EDITOR!**  
**"UNSPOKEN THOUGHTS"**

Dr. Anthony Fauci lied under oath to the Congress. This is not unusual for a well connected individual in our great capital of Washington, D.C.! Fauci was behind the gain of function in the China lab. Fauci feels that he can lie any time because he is Biden's favorite little traitor. Dr. Ran Paul ripped him a new ass when he was being questioned by the Senate. Fauci was scrambling to remember which lie he told at what time so as to put the blame on anyone other than himself. This sack of rotting crap is also behind the torture of a wonderful little forgiving breed of dog, the beagle. This should not go unpunished. This should not get him off the hook because he feels no matter what Biden has his back. Well, in Washington, D.C., to think such a thought is just plain stupid. The swamp creatures are not going to put themselves in jeopardy to come to his aid. The only thing that this self righteous coward with the worst case of little man syndrome understands is a good beating with a club. What he has done to this nation and the world needs to be addressed and serious consideration for prosecution. Fauci lied about his knowledge of the China Virus and not only in this country but around the world innocent people died. Fauci's cover up of the virus need to be addressed by the World Court. He should be held accountable for his actions or lack of as though you were going after the Nazi scientist that experimented on people during WWII. Fauci, in my opinion, is a criminal and needs to be dealt with accordingly. We have a group of elected officials that no longer, if ever, are living up to the oath of office and the nation they took an oath to protect.

Burn every last one of them down!

What do you call a Democrat that is running for a second, third or fourth term in office?

Off the top of my list, "Mr. President!" On the other hand the idiots who voted for him are referred to as "Dumb Ass!"
