**WANTED FOR TREASON
 AGAINST AMERICA AND
 HER CITIZENS**

Bill and Hillary Clinton. Both liars!
 Bill didn't have sex with that woman
 and lied to the Congress to cover up
 his betrayal of his family and abuse
 of his power in office.

Hillary Clinton lied about Benghazi
 and was defiant when questioned by
 the Congress. She replied, "What
 difference does that make now?"
 Running for the Democrat nomination
 for President, over saw the Russian
 collusion lie. She felt that she was
 owed the Presidency. She is another
 sack of crap from the Washington
 swamp. She should be in prison for
 her betrayal of her oath of office.

FROM THE EDITOR!
"UNSPOKEN THOUGHTS"

Dr. Anthony Fauci lied under oath to the Congress. This is not unusual for a well connected individual in our great capital of Washington, D.C.! Fauci was behind the gain of function in the China lab. Fauci feels that he can lie any time because he is Biden's favorite little traitor. Dr. Ran Paul ripped him a new ass when he was being questioned by the Senate. Fauci was scrambling to remember which lie he told at what time so as to put the blame on anyone other than himself. This sack of rotting crap is also behind the torture of a wonderful little forgiving breed of dog, the beagle. This should not go unpunished. This should not get him off the hook because he feels no matter what Biden has his back. Well, in Washington, D.C., to think such a thought is just plain stupid. The swamp creatures are not going to put themselves in jeopardy to come to his aid. The only thing that this self righteous coward with the worst case of little man syndrome understands is a good beating with a club. What he has done to this nation and the world needs to be addressed and serious consideration for prosecution. Fauci lied about his knowledge of the China Virus and not only in this country but around the world innocent people died. Fauci's cover up of the virus need to be addressed by the World Court. He should be held accountable for his actions or lack of as though you were going after the Nazi scientist that experimented on people during WWII. Fauci, in my opinion, is a criminal and needs to be dealt with accordingly. We have a group of elected officials that no longer, if ever, are living up to the oath of office and the nation they took an oath to protect.

Burn every last one of them down!
