WANTED FOR TREASON AGAINST AMERICA AND HER CITIZENS

Bill and Hillary Clinton. Both liars! Bill didn't have sex with that woman and lied to the Congress to cover up his betrayal of his family and abuse of his power in office. Hillary Clinton lied about Benghazi and was defiant when questioned by the Congress. She replied, "What difference does that make now?" Running for the Democrat nomination for President, over saw the Russian collusion lie. She felt that she was owed the Presidency. She is another sack of crap from the Washington swamp. She should be in prison for her betrayal of her oath of office.

FROM THE EDITOR!
"UNSPOKEN THOUGHTS"

Everyone in the High Desert area in San Bernardino County or L.A. County is aware of the marijuana that is being grown all over the rural areas. I have heard stories on the news about how the growers have an army that guards them. I have heard on the cable news channels that there have been shoot outs with hundreds of rounds being fired. I have heard how the growers have out numbered the law enforcement officers and are using public and also squatting on private property to grow their plants. Well, here is the facts. Why would you need an army to guard you when the crime is only a misdemeanor. To have a gun battle of that magnitude involving hundreds of rounds being fired we would have seen it reported on the evening news. I know for a fact that the growers are on private property that they own. I have checked the county records on that subject. I hear how they are stealing electricity from Edison to power their operations. This is also false. They use generators and LED lighting which takes a simple 12 volt battery, a solar panel or two and very simple to wire in. I hear about them stealing water. For the most part that is false. They buy water from private wells or have their own well drilled. Law Enforcement doesn't really do much except raid these operations and walk off with the marijuana. They brag about thousands of pounds they pick up. Have you noticed that you never see this "MOUNTAIN OF POT" being destroyed? Personally I believe the marijuana is turned over to the State of California and then it is sold to the dispensaries. The problem is not the marijuana growers, it is the lousy corrupt politicians in Sacramento that are responsible.
