Here is another one that you really need to question? Eric Swalwell & his greatest conquest! Eric is known for doing the BANG BANG with the Chinese Spy FANG FANG. Even with this evidence against him, Pelosi kept him on the House Intelligence Committee. She feels that he was not and is not a risk to our national security. Pelosi stands firm on this. If you challenge any thing that the Left does, you are either a Racist, Bigot or Homophobe. This bastard needs to be removed from office. Lord only knows what he told Fang Fang while doing Bang Bang!

**FROM THE EDITOR!**  
**"UNSPOKEN THOUGHTS"**

Watch out World! The new strain of virus is now spreading. OMICRON! If you look at the letters and have a higher intellect than a sea slug or a Dem that actually voted for Diaper Joe you can see the truth! Omicron, deciphered, MORONIC! If you don't have the knowledge that they taught back in the 1960's and 1970's about the life cycle of a virus you are in the dark! A virus has to jump species so it can mutate and continue on with it's life cycle. In other words, Swine Flu, Avian Flu have done exactly that. They go from the pig to human, jump from human to bird, back to pig, bird or human. There are different strains but it continues with the cross over. If it stays in the same species it becomes extinct. Since the first out break of the China Virus we are told that there are now 30 or 40 different variants of covid. My question is, which species did it jump to? There hasn't been time enough for that to happen. The "BASTARDS" in our government and all the other disgusting degenerates around the world have been lying to us. The vaccine isn't working. The chances that natural immunity is all you need is over looked by intention. It is about control. The Biden family is owned by the Russians and Chinese. Obama's goal was to have Clinton take the next step in placing us in the line with ONE WORLD ORDER. Trump got in the way of this plan. We have been sold out for decades by probably every President. If we don't take hold of the BEAST by it's throat and tear it's head off we will perish as a nation. The Covid scare is about control. They want you to eat out of trash cans and tell you that you have to like it.

Tell Biden to go change his diaper!

# We are BACK!

WOW!  
Did you hear about  
the Omicron Virus?  
Do you think it is  
going to be  
serious?

Yes it is, if the  
Left has their way!  
Omicron is only Moronic  
rearranged. Fauci will  
make sure that the Left  
take control from  
the people.
