**FROM THE EDITOR!**  
**"UNSPOKEN THOUGHTS"**

Oil has hit \$130.00 a barrel! Our gasoline price has jumped .40 cents in one day here in California. Have you noticed that Diaper Joe talks about everything except the issues that are actually important to the American citizen? Diaper Joe talked about his "BIG" plan at the State of the Union. Did you notice that all he did was speak in generality's? He really has no plan. He is only told what to say and not to go to much in detail. I personally think that Obama is behind the scenes, pulling the strings on his senile puppet. We could bring Russia to it's knees if we had a President that really cared about this country rather than a man who is wondering when his Jamaican Nanny is going to show up and change his diaper. I have a friend for many years that finds my "Nickname" for Biden offensive. If I continue to use it, he said our friendship is over! Oh well, if you have read my editorials for the last 20 years, that isn't going to happen. His loss? If we don't stand up and demand that the Congress and Senate reverse course we will be in the same boat as the Ukrainians. The Left want to take our guns, that is what keeps them from doing the same thing here that has happened in all the countries that have their firearms removed for the so called good of the public. Diaper Joe spoke about the deer hunting as though that is what the 2nd Amendment was about. The 2nd Amendment was put in place so what we see around the world can't happen here. That is the only thing that keeps sacks of shit like the "Biden Crime Family", and the "Speaker Pelosi" from using you to wipe their ass!

# We are BACK!

Notice that no one on the Left is condemning Putin for his attack on Ukraine?

It would be total hypocrisy on their part! After all, Biden & gang made the attack possible purchasing \$50 million in oil daily!
