**FROM THE EDITOR!**  
**"UNSPOKEN THOUGHTS"**

The more Diaper Joe Bidne tries to show the world that he is tougher than President Trump the more he makes it clear that he is in over his head and has no clue what the next move should be. The Iranians hate us and vow that they will destroy us and Israel. Tell me how it makes sense that he has asked the Chinese and the Russian's to broker a deal for oil with these bastards. Greatest joke yet is our representatives are not allowed to be present while these talks are taking place. Diaper Joe allowed Russia to talk about all their nukes, and never once mentioned that we also have the "BIG RED BUTTON!". I had to laugh my ass off when I saw Trevor Noah and Bill Maher admit on camera that this issue with Russia attacking Ukraine would not have happened! The FREE WORLD, and our ENIMIES now are using our weakness to push for power that otherwise would not have been possible. All the people who actually voted for this imbecile should enjoy the higher prices on everything that we need in our everyday lives! It might only be a matter of time before one of these rogue countries straps on a pair of balls and launches an attack that directly hits our country. Missiles or direct attack with a bomb wearing terrorist is now a serious concern. The corruption in our own government has no need to hide in the shadows any longer. They stole the election which has emboldened them to move on to the next level of attack against our rights. The push for removing the Second Amendment is not about criminals, it is about taking away the power from the citizens to keep BASTARDS like them from becoming Dictators. Our forefather's knew this could happen in time and gave us the ability to stop it dead.

# We are BACK!

Sending Kamala Harris to Poland to reassure the World, NATO, and the U.S.?

Sure, it makes sense! Harris is known for her ability to spread her legs to make things go her way! Maybe Putin can have a happy ending?
