James B. Comey, former director of the F.B.I.. New that the Russia hoax was paid for by Hillary Clinton to discredit Donald Trump before the election in November 2016. Used bogus information that was 99% false, lied to Donald Trump after he was voted into office as our President. Many of the higher up F.B.I. showed their corruption by continuing with their pursuit to have Trump impeached as a traitor and a Russian asset. This lie and attack continued through out Trump's entire time in office. They had to remove him because he was a threat to their master plan.

FROM THE EDITOR!
"UNSPOKEN THOUGHTS"

Criminals are now running wild in the streets with no fear of arrest and punishment. Our Soros backed D.A.'s are not prosecuting the one's that actually do get arrested. Our corrup politicians on both sides of the isle are pushing degenerate behavior with their legislation that now makes moral thoughts illegal. We have in our government individuals like Nancy Pelosi who look down their noses at the citizens and consider them to be a cash cow and nothing more. Diaper Joe Biden's "Build-Back-Better" is nothing more that a slogan and a way to get every dime from you regardless of whether or not the government has the right to this money. The joke we now have a Vice-President only holds that office because of color, spreading her legs and what ever else the vile, evil hate America agenda she is pushing. None of these people care about this nation or it's citizens. Julian Assange is to be extradited to the United States to stand trial for telling the truth about the years of corruption that has stolen the safety and wealth of the American Citizens. Gavin "Whip Lips" Newsom has laid out his plan to attack gun owners. He has concocted a scheme that the State Senate and Assembly will put into law to remove the so called assault rifles first and then start down the list until they get to the squirt gun that your kid is now band from using. If you can't see what is happening you are indeed a special kind of stupid! Since the corrupt Left with the help of the corrupt Right have stolen the Presidential Election the door is now wide open for them to pursue their plan that has been in the works for many decades. The only thing to save us now is to storm the castle and kill the "MONSTER"!
