FROM THE EDITOR!
"UNSPOKEN THOUGHTS"

For 5 years the LEFT said that Donald Trump was a dictator and was going to destroy our Democracy. For 5 years we heard that he was under Russia's control and could not be trusted with our countries security or freedom. For 5 years we only heard lies from the corrupt media and the more corrupt politicians in Washinton D.C.. We heard how he had destroyed the faith of our allies and that the world was going to be over run with chaos. Now it is time for you WOKE BASTARDS that voted for Biden and believed the lies to WAKE THE HELL UP! I am so disgusted with how the people who really voted for Joe Biden fell for the lies. I am so disgusted with how the people who really voted for Joe Biden thought that the free things that were promised would actually show up. Pelosi, sack of California Crap, was the one in charge of the well-being of the "People's House"! She let January 6th happen because the corruption needed to place charges against Donald Trump to insure he never held office again. Mitch the Bitch Romney kissed Donald Trump's ass to get backing so he could win the senate seat that he was seeking. Liz Cheney, another sack of fermented buzzard crap, is only too willing to help false accusations destroy the fact that Donald Trump was innocent with the chaos that erupted at the Capital. Pelosi was offered 10 to 20 thousand National Guard and refused the offer. Last but not least, Anthony Fauci. This little ass kissing bastard in 2017 made the statement that Trump should not be surprised if he were to face a pandemic during his Presidency. This little bastard knew that the virus was coming and did nothing to warn us. He is guilty of murdering millions of people.
