FROM THE EDITOR!
"UNSPOKEN THOUGHTS"
Well I hope that everyone had a great and very Merry Christmas and a Wonderful New Year's Celebration!
In 18 days Donald J. Trump will be our 47th President, but that will be a day that all American's should be extra cautious and aware. We still have many unknown issues that are in the works. There are many individuals in our country that mean to cause us harm. There are many of the 1500 that Biden pardoned before he totally leaves office that were arrested and are also on the Terrorist Watch List. We have drones reported on the East Coast, West Coast that no one seems to be able to identify who and where they are from. We have possibly an Iranian Mother Ship off the East Coast where many if not all of these drones are launched from. What we have seen in other parts of the world where evil has shown it's evil face that many people have lost everything including their lives. I have tried to keep everyone informed over the last 23 years in my writings that what we see in the Third World Countries could and would one day hit our shores. I feel that we are going to get hit hard before or during the first days or weeks that Donald Trump takes office. You should really ask yourself to look at the last 8 years. The attacks on a businessman that really cares about this nation and it's citizens versus the corrupt vile politicians that have lied, cheated, sold out our nation for personal gain. These bastards have committed treason going back decades. Do you really think that they give a flying rat's ass about you and your family? The evil and corruption is on both sides of the isle. Notice how all the congressman and senators seem to become very rich? It sure isn't because they are serving your interests. We need to keep in mind that they want to take our guns. Why you might ask? Well Buckwheat, it is easier to take your rights when you are standing there with your ass in your hand rather than a firearm.
