**FROM THE EDITOR!
 "UNSPOKEN THOUGHTS"**

Well people I hate to be the bearer of bad news, but the wonderful politicians in Sacramento are getting ready to attack Prop 13! They have a new bill that is going to screw over property owners, personal and commercial. It has been labeled ACA8. This will allow taxes to be increased with a simple majority vote. Your Prop. 13 tax will remain the same, this will be added to your bill by local towns and cities. California is as corrupt as any organized crime gang. The people who can vote on these increases don't need to own property, and with the growing trend, these bottom feeders are going to continue to milk us dry. We are getting to the point that there will be no economic come back. The state, with all the debt that has been racked up, is now in the hole for 1.3 Trillion Dollars. That is outrageous!

The other day I was talking with a friend, who is quite Liberal, and was informed that the reason we are not recovering economically is because the Tea Party was able to get newcomers elected to positions in Washington D.C. that have no idea what they are doing or how to fix or deal with the existing conditions. That these newly elected people are going to destroy the country. They should have let the seasoned politicians do their jobs. I paused in thought a moment before I could give a reply. I had to agree that the new comers were scrambling to get up to speed. They were in over their heads with the way things are dealt with in Washington. Then I had a question for her since she pointed out the weakness in our government. My question was, then why the hell did you elect Obama to the highest office in the nation?

I would like to hear your thoughts 760-298-0902
