**FROM THE EDITOR!  
 "UNSPOKEN THOUGHTS"**

Hello, I'm back!!! I'm sure by now you have been drowned in the publicity about what a "Nasty, Little Tramp" Miley Cyrus is. No matter which channel I tuned into to get real news this was the topic. Local TV, National TV and even CNN. It seems that they have refined the art of talking about nothing so they don't have to talk about something! I thought that I would be able to hear about the latest trouble brewing in the Middle East. If we are going to get involved in another War? They had mentioned on the news that Obama was hunkered down with his advisors reviewing information as it rolled in. I read this as he and the other Cowards were shaking in their boots, trying to figure out, how to inform the American Citizens that we were going to be fighting another unending war against a foe that just seems to get stronger in it's commitment to wipe us off the face of the planet. Involvement in another war will finish off our economy. We are not recovering, we are drowning. If we do make it to the next election it will be a miracle! I don't really think that the Republicans will come up with a contender that will be able to take back the White House. I do believe that Clinton will be the First Woman President. I think that at this point I am going to do what my brother recommended and move to Costa Rica. Why do we let idiots run wild in our government? Why do we allow the System to remain corrupt? I think that the American People have lost their way and will not be able to recover the Pride, Faith and Glory of our once great Nation. If you look around the world in the last 3 decades, many powerful nations are no longer in existence. Every thing has been resized and trimmed back. Human Kind is what will cause our extinction long before an asteroid.

CALL ME! Thank You Manny for your call.
