**FROM THE EDITOR!
 "UNSPOKEN THOUGHTS"**

I would like to start with thanking my new friend Manny for calling me, and we will get together soon for lunch or dinner! I have tried to come up with a topic for this week and it has been difficult. This week, I will do my best to give you some insight to change your lives and your hearts.

As a nation we need to pull together mentally and spiritually and know that we can survive anything that is thrown at us. A person's frame of mind is what makes the difference at the end of the day. We have so many distractions bombarding us and draining us of our peace of mind. The problems that we face are only what we allow them to be. If you go to bed at night and are still having that discussion from the office, you will not rest. If you allow the strife of everyday existence to rule your life, you will never feel the joy of success. Personally I have had many difficulties to overcome. I have to sit myself down and remember that all I have to do is believe in me. When I close my eyes to sleep I only allow myself to focus on the moment I am in. I will deal with the issues at hand on a new day and with a rested spirit. Once, many years ago, a friend and mentor of mine told me, "If worrying will fix it, I will sit next to you the rest of the night and worry!". Worrying, is like trying to pay the interest on money you never borrowed! Put yourself in a calm quiet place, take a deep breath and listen to the sounds around you. I am not talking about the mindless chatter, traffic noise or the TV or Radio. I am talking about Mother Nature, the Universe and the things that you have not noticed or paid attention to in years. You are only here once, so I recommend that you don't waste it. We are under so much pressure in our daily lives that if we don't make a change in our thoughts, we will without a doubt go insane! **CALL ME!!**
