**FROM THE EDITOR!  
 "UNSPOKEN THOUGHTS"**

I hate to say "I Told You So!", but I did. Remember back before the elections and the gasoline prices started to drop? I told you that it was all a ploy. The Oil Companies let it come down slightly, due to the fact that they weren't sure if Romney or Obama would get elected. I told you that if Romney got elected the prices would continue to fall. If Obama got reelected, back to the regular way of doing business. Screw the PUBLIC out of every nickel you can. Well today it was on the evening news. Gas prices are on the rise. I have to laugh, when I think about all the people screaming at the pump about the high price, well you got what you wanted, Obama is still in office. I tell you this President is a joke. Instead of dealing with the Congress and Senate to get a budget worked out so we don't fall off the fiscal cliff, he flew his family to Hawaii for Christmas. How sweet! Has anyone other than myself noticed that nothing is being done to cut spending? The other issue I have is nothing is being done to create real jobs. If I were grading Obama, he would get an A+ for strutting like a Rock Star! B for keeping a straight face while pretending to care about our nation and the citizens in it. C for thinking that he represents the average American. D for knowledge in business! F, the lowest I can go unless you cut me some slack and I can slide in Z!

The Mayan Calendar was not about the World ending, but about the World ending as we perceive it to be. Open your eyes, take a good look around. Countries all over the World are facing collapse. Money is running out and nations will go broke. Locally, California is heading for it's own fiscal cliff, the budget is not in balance. Programs will be cut, Brown lied about fixing things with the increased tax revenue. You elected both these Idiots, deal with it.
