**FROM THE EDITOR!**  
**"UNSPOKEN THOUGHTS"**  
 I recieved an email this week, that opened my eyes! The wonderful Governrment that is out of control deams that the Soc. Sec. payments that the retired citizens recieve monthly is a Federal Benifit/Entitlement program. I think that this is just outrageous. The money that is paid out of this account was put there by the working individu- als and their employers. This is not a Government Hand- out! Basically this is the rough breakdown. You work for 40 years, paying into the program and your employer also pays into the program on your behalf. When you retire at the age of 65, if you recieved 1% interest compounded, your retirement check every month should be almost \$4,000.00 a month. This is earned income, a far cry from a government benifit. Starting back in the 1960's the Government saw the amount of money that was sitting in these retirement funds and decided to raid it. When they took these funds (our money) to use elsewhere, the promised to put it back. Several times since, the Govern- ment has raided these funds and promised to return them. Only problem is, they don't return money (cash), they have replaced OUR MONEY with an I.O.U.. Why do we allow this. When our elected officials in Washington D.C. retire, they continue to live HIGH ON THE HOG! They have the best medical care for life. They feel that they have earned this! How dare we expect them to live on the same meager income that we have to manage on? How dare we expect them to settle for the high cost me- diocre medical care that we use? After all, you have to keep in mind that these officials believe that they are the second coming. The only thing that we fail to see is that they do walk on water. Must be only when they are behind closed doors to impress each others!
