**FROM THE EDITOR!  
 "UNSPOKEN THOUGHTS"**

Today as I was driving around, I was having a hard time on what to write about this week. Nothing was coming to mind! As it was getting closer to my deadline, I drew a complete blank!

Then out of the blue, I remembered, the California State Government will not let me down. These guys are really good in a pinch! Sure enough my guys did not let me down. They made the announcement on the evening news. Gov. Brown and the rest of the Crooks are increasing the tax on gasoline by an additional .03 cents. Doesn't sound like much, but when you figure it out, that is going to be an additional \$2.00 out of your pocket on each fill up. They say these funds are needed to take care of our streets and highways. We all know what kind of shape our roads are in. If the money actually goes to the much needed repairs, I will be shocked. It will get channeled off into other areas that have a short fall. I think that much of the new revenue will make its way into the state retirement funds. I have to laugh, we are going down with the ship and the rats are the ones in charge of the life boats. The individuals that keep electing Liberals into the state legislature are the driving force behind all that is wrong in this state. Bigger and bigger with no end in sight. I hope that when the "Ship hits the sand" these fools are the ones who end up eating dirt. What ever happened to the days that we earned our keep and had our dreams and goals? Well someone let the cat out of the bag and put the word out that is not realistic to find a job and work when you can get others to bust their butts to make sure that you never have to do without. The American Sucker was born. He is the one who works 40 plus hours a week and then hands over his paycheck!
