**FROM THE EDITOR!  
"UNSPOKEN THOUGHTS"**

It's a new week, new day and new dreams! I can't believe I just wrote that crap. I received an interesting email and thought that I would share it with my readers. I wish I had came up with this analysis myself, it really is what is happening in our country.

We are advised not to judge all Muslims by the actions of a few lunatics, but we are encouraged to judge all gun owners by the actions of a few lunatics.

We constantly hear about how Social Security is going to run out of money. How come we never hear about welfare running out of money? What's interesting is the first group "Worked" for their money, but the second one didn't.

The Food Stamp Program, administered by the Department of Agriculture is proud to be distributing the greatest amount of free meals and Food Stamps ever to 47 million people, as the most recent figures available in 2013.

Meanwhile, the National Park Service administered by the Department of the Interior, asks us "Please do not feed the animals." The stated reason for this policy is because "The animals will grow dependent on handouts and will not learn to take care of themselves."

We are where we are because the Politicians pander to the lazy under educated that never planned to hold down a full time job and convinced them that it is ok. Why work when you can elect someone to office that will make sure your life and well being will be assured by the sweat and labor of someone else. Your children and grandchildren will be taken care of and you can relax and watch Opra, or have another beer. CALL ME!!!
