**"FROM THE EDITOR!
 UNSPOKEN THOUGHTS"**

It seems that I have under estimated how fast the world and our country is losing it's mind. Recently the Compton School District approved the use of AR-15's to be on hand for the School Police to use incase there is an attack by some Whack Job, who has greater fire power than most of law enforcement. People are outraged over this decision. I don't know why, it is just a case of when rather than if such an attack happens. With the issue of the shooting in Missouri, which has lead to riots and looting, the powers that be with their intervention have tried to put out a fire by throwing gasoline on it. Obama has put his .02 cents in and Holder is going to be sure that this is investigated for violation of civil rights. My question is, why is Obama getting involved again in a civil matter that has nothing to do with running the country? Why is Holder getting involved? Holder only acts upon issues that are Black Related, you never hear about either of these two RACISTS getting involved or commenting on the deaths or injuries suffered by any other race. I can't wait until both of these pompous asses are out of office. You talk about hate mongers, you will find both of their pictures next to the word in Webster's Dictionary as prime examples. Neither one of these Bottom Feeders should have ever been put in office. They are working on their own agenda. They don't care about the law of the land, they pick and choose which laws will be enforced. If you look at the last 6 years we have sunk deeper in debt and more of our rights have fallen by the wayside. One gentleman that called in this week hinted that it is time for the people to rise up and take back control of our country. It is a sad thing when a person is afraid to express their belief or opinion of what needs to be done to fix our situation. If you have been paying attention, we are becoming more and more socialistic, and the socialist countries are becoming more capitalistic. Socialism will not work or solve any of our problems we currently face. The people that paint the colorful picture of Socialism won't tell you that this concept applies to all the citizens being treated equally. Politicians, themselves, are exempt from this equation.
