IZZY PET CARE
Personalized in home pet care
Hi my name is Isikuri Iniestra (Izzy), as a pet owner I know what it takes to care for ones pets, but with such busy schedules it's hard sometimes to find the time. That's why I'm here to help! As a certified care taker I'm trained to provide all kinds of service: walking, grooming, pet sitting, transport to appointments. My years of experience is not limited to my own pets. I have worked in animal hospitals and in households dealing with a wide variety of different animals. Let me be the one to make your pet happy.

**FROM THE EDITOR!
 "UNSPOKEN THOUGHTS"**

I'm amazed with all that has transpired this last week! The C.D.C. has told us, just a few weeks ago, that there is no way that the Ebola Virus could make it into the United States. Well knock me down, paint me blue and call me Betty! It is here and all the precautions that they claim they are taking, did not work. How lame is it for this man to go to the hospital and inform them that he arrived from Africa and they treated him like he had a common cold? A healthcare worker in Spain was taking care of another sick person, in his home, not in a hospital, changing his bedding, cleaning up after him, then he died. She took a "HOLIDAY" because she was not feeling well. Now she has this horrible disease. This Virus is more dangerous than anything that has happened yet. The Government says that it is hard to contract the Virus and that you should not panic. Well, my question is, does anyone believe that the Government here or anywhere else would tell the truth? If you knew just how big the danger is that they have put us in, there would be riots. When you even have to put down a person's pet dog, in fear that this animal could be capable of spreading the disease to anyone who comes in contact with his saliva. But, there is a "Happy Thought" this week that I know will cheer you up! Bidin and Obama are in town to raise money to further the efforts of the Democratic candidates to get elected or reelected. WOW! I feel better and safer already! I think that if anymore of these mistakes are made with the Ebola Virus, it could be about as devastating as the "Black Plague" that wiped out most of Europe. If any of the "Illegal Aliens" that are crossing our borders daily come in contact with a person infected, we could see as dangerous an outbreak as they have in the African countries that are fighting, what I would call, a losing battle. The Politicians feel that if they get on Television and talk calmly to us, in that wonderful soft voice like Grandpa used to use, we will go to bed and have pleasant dreams. They are the ones that watch over us while we sleep. I think that I would rather take my chances with a pissed off Grizzly Bear!
