IZZY PET CARE
Personalized in home pet care
Hi my name is Isikuri Iniestra (Izzy), as a pet owner I know what it takes to care for ones pets, but with such busy schedules it's hard sometimes to find the time. That's why I'm here to help! As a certified care taker I'm trained to provide all kinds of service: walking, grooming, pet sitting, transport to appointments. My years of experience is not limited to my own pets. I have worked in animal hospitals and in households dealing with a wide variety of different animals. Let me be the one to make your pet happy.

**FROM THE EDITOR!
 "UNSPOKEN THOUGHTS"**

I would like to thank the callers that enjoy my editorials. I have had several inquiries if it would be ok to email the editorials to friends, family or post on facebook. The answer is yes. You are more than welcome to post, print or distribute my editorials any time your heart desires! Thank you again!

This week I had to spin the wheel, toss a coin or just point at an article in random to pick a topic. There are so many issues at hand, it is hard to decide which should have priority. The only one that really comes to mind, to write about first, is the police officer that was killed in the motel parking lot. The piece of trash that killed this man is one of the undocumented immigrants that the politicians are so in love with. This garbage bag has been involved in criminal activity in the past and deported twice. I guess that his freedom to keep coming back to our country out weighs the right of our police or our citizens. My question is,

"Why did we not see Obama, Holder or Brown on TV and denouncing him and his cowardly act?" Oh, that's right, he is not a person that you can take any possessions from, or destroy his reputation or livelihood!" Sorry for that, my bad!

Obama's administration chose to get on two Governors who had the courage to see if they could keep their citizens safe from possible exposure to Ebola. The healthcare worker that they put in quarantine screamed and hollered about her rights being violated. Right now, other than the first case in Dallas that was brought in by the unfortunate gentleman who died, the other cases or possible cases were caused by healthcare workers who just returned from West Africa. They say that the worker who was put in quarantine was done so without science. Well seeing that her and the workers are fully aware of how dangerous this

Virus is, should also be smart enough and caring enough about the citizens in our country. To bring that disease here, which I told you weeks ago could happen, is totally careless or are these individuals just that "Stupid"! We are not going to see the end of this in the near future. I think that it will come here and do great harm to our country. Viruses mutate, that is how they survive. It might and could mutate and become airborne at any time and I sure don't want to be the first case. Do You??? Call Me!!!

I would like to hear your thoughts 760-298-0902
