**FROM THE EDITOR!
"UNSPOKEN THOUGHTS"**

L. A. City Council is looking at raising minimum wage for Hotel Workers. No one else! These Hotel Workers don't belong to a Union. That will put pressure to join Unions who make big contributions to politicians election funds. This is a no brain'er to figure out. The unions are one of the biggest reasons that we are going to "Hell in a Hand Basket". There is no more private sector that the Government in one form or another has not screwed over. I can remember the old movies about gangsters taking over unions and businesses. At least in the movies there were honest individuals in government and law enforcement that went after the criminals and saved the day. Say for the sake of argument we raise all the minimum wage across the nation to \$20.00 per hour. That sounds really good! Then the down side of this equation, the cost of goods, services and God only knows what else will be effected. Every item on the grocery shelf will double. Gasoline prices at the pump will jump up 2 or 3 times. We are already getting screwed at the pump. The price of gasoline in California is much higher than most of the rest of the nation. With all the tree hugging, rock worshiping pagans running around, I am surprised that we are still able to function in this state. Obama was here to meet with Brown about the water shortages that we are about to face. While here he found time to go play golf in Palm Springs. Like a bunch of mushrooms we sit in the dark and take all the fertilizer that these self righteous morons shovel on us. When the farmers don't get the water they need we will see prices at the grocery stores sky rocket!!! CALL ME!!!

I would like to hear your thoughts 760-298-0902
