IZZY PET CARE
Personalized in home pet care
Hi my name is Isikuri Iniestra (Izzy), as a pet owner I know what it takes to care for ones pets, but with such busy schedules it's hard sometimes to find the time. That's why I'm here to help! As a certified care taker I'm trained to provide all kinds of service: walking, grooming, pet sitting, transport to appointments. My years of experience is not limited to my own pets. I have worked in animal hospitals and in households dealing with a wide variety of different animals. Let me be the one to make your pet happy.

**FROM THE EDITOR!
"UNSPOKEN THOUGHTS"**

I hear many individuals saying that we need to come down harder on the farmers use of water to offset the drought. Well, that is not really going to help us in our everyday life. If California eliminates farming completely, we would have to start shipping much of our daily food items from other states. That would put the price of milk around \$10.00 a gallon. Meat would also be off the charts around \$15.00 a pound for hamburger. Not really going to help a state that is already having difficulty keeping up with the rising price of regular gasoline at the pump. The average family in most of our cities use approximately 1250 gallons of water daily. That is an average of 8750 gallons per week. I don't use 8750 gallons of water in a month running my ranch. I have personal use, dogs, horses and one goofy little cat. If the state needs to help educate people on how to truely conserve water, they need to do a study on individuals that live off the grid and know how to live comfortably and get the most use out of every drop of water. A novel thought would be to reclaim the gray water from your bath tub, sinks and washing machines and use that to irrigate lawns and gardens. It would require very little investment to route this water and run it through a simple filter to remove unwanted debris. I think that just about every chemical, that we put in the system, is now bio degradable. But, the scariest 9 words (according to Pres. R. Ragan) in the English language are, "I'm with the government, I'm here to help!" No truer or accurate statement can describe what a circle jerk the system has become. Many times in the past I have made the statement, human beings are the only creatures on the planet that are stupid enough to zone themselves out of existence. We are letting the stupid lead the blind down a slippery slope. Politicians don't have the brain power to make good choices in their own daily lives, and we let them make laws that dictate how we should live ours! Go Figure!!!

"The Poorman's Perspective"**

Greetings Nickel Shopper readers! I'm The Poorman! I do all my shopping in the Nickel Shopper. I also have a daily M-F Radio Show 2-3 PM on KCAA AM 1050 airing everywhere in the IE. We also stream live and podcast at www.KCAAradio.com. I hope you listen. Every Friday, Carl, the fearless owner of this mag, comes on my show. We play "Let's Make A Nickel Shopper Deal" and give away a ton of prizes behind Door Number 1, Door Number 2, and Door Number 3.

This Week's Perspective...

1. Winning Is Everything.

Trust me, it is. Anybody who says, it's not about winning, it's about how hard you try is FULL OF SH&*! Winning is everything! You know the expression "Everyone loves a winner!" It's so true. People love a winner! "It's not whether you win or lose. It's how hard you play the game"...WRONG!

2. Positive Thoughts Do Not Always Produce Positive Results.

If it did, then we'd have no reason to ever be depressed, bummed, critical, skeptical, angry, etc. Are you in your innermost thoughts always positive? NO. Then why hide your real feelings behind a wall of phony, fake upbeat BS. Be real, not fake. If people don't like it, tough SH&*!

3. Money \$\$\$ Is Everything.

I'd rather be rich and lonely, bummed, full of problems than upbeat and homeless. Would you rather be miserable in your vacation mansion in the South Of France driving around in your Maserati or Happy And In Love living in a 1 bedroom apartment with 3 kids and no money to buy food in Fontucky?

That's this week's Perspective. Keep It Real!
