IZZY PET CARE
Personalized in home pet care
Hi my name is Isikuri Iniestra (Izzy), as a pet owner I know what it takes to care for ones pets, but with such busy schedules it's hard sometimes to find the time. That's why I'm here to help! As a certified care taker I'm trained to provide all kinds of service: walking, grooming, pet sitting, transport to appointments. My years of experience is not limited to my own pets. I have worked in animal hospitals and in households dealing with a wide variety of different animals. Let me be the one to make your pet happy.

Can You Believe This???????**

I was suspended by Facebook for 1 month for insulting an 80s cover band and saying I was sick of the 80s. This all happened Sunday morning. This means I can't post anything or comment about anything for 30 days. But other people can say and post whatever they want on my page. AND THEY ARE! I'M GETTING TRASHED!!!!!! What did I say? What did I do?

You can find my Facebook page by pasting this link <https://www.facebook.com/jim.p.trenton> Here's the offensive post.

Don't assume anything please.

"My whole point is Why do I have to be dragged into this Old music and radio culture from a bunch of old people? Even if I was part of it in the 80s, it's over. Leave me alone. Pretend I never existed in that tired ass era. I like new music and culture. Always have. Even if I have no fans from the current era, GOOD! Freddie Morales you have a young, hot girlfriend. Good job! That's 1 thing that I admire. Not your Depeche Mode reset band. Sorry!" (Pic is part of Freddie's Depeche Mode cover band Strangelove)

I was one of KROQ's top DJs in the 80s. At that time, it was great, because we were playing all this innovative, new music including Depeche Mode. I once introduced them at the Rose Bowl in front of 70,000 people. The problem is people want me to stay in the 80s with cute little memory sessions. NO!!!!!! I have always been about what;s next. I like new music! I like new culture! There are a lot of new awesome artists today, but mainstream radio won't play them. My new music format that I've occasionally put on my radio show, the '2KKountdown' recognizes these powerful new artists, many of whom have millions of views on youtube. We count down the Top 10 based on youtube views, big draw when performing live, social media strength, and we include all genres of music. They're all artists that haven't received mainstream radio airplay.

If people want to relive the 80s, go for it! Just don't force me into it. And also, don't be offended if I express my opinion and it differs from yours. What sucks is that I was offended, because the singer's girlfriend complained to Facebook about me. I didn't swear, I didn't do anything except say that he's just a Cover Band, and his band is. SORRY, BUT TRUE. But then I get banned for a month. Actually, it may be a blessing, because I spend way too much wasted time on FB anyway probably debating stupid things like this!!!!!!

**FROM THE EDITOR!
 "UNSPOKEN THOUGHTS"**

Donald Trump! I had a chance to see the debate this past weekend. The 24 Million viewers also wanted to see what the Trumpster was up to! Like him or not, you have to admit Trump is his own man. Naturally the media (whores that they are) were out to nail him in his coffin before anyone's opinion could be changed. I don't know if he would make a good President, but as a businessman! Trump has not only the politicians running scared, but also the media. His first words were directed at the politicians and our back stabbing media. He told them how worthless they are and how they never really get around to actually telling the facts as they really are. The Blond Bimbo, I mean Lady was looking to start a fight. The media rarely showed the whole response to her, that Trump made. He made it clear, the issue he had was with Rosey O'Donnald. They had a problem with each other many years ago. I don't like her either. Never did! The biggest problem with Trump, he won't kiss ass. He also has the right under the constitution to be able to speak his mind. If that offends you then don't listen. The day that the system can silence a voice, is the day that everyone loses their rights. Last week I wrote about the Zombie Virus. Seems that I hit the nail on the head with that one. I will be disappointed if Trump starts talking like a politician and practicing social and political correctness. He called it right, and I have been saying it for months. Our country in going down hill. Everyone wants to be accepted for how they think and feel. I'm good with that. They don't respect the fact that I have the right to my own opinion. I don't think that illegal aliens should have better treatment than our own citizens. The Bastards in San Francisco who let that piece of scum out that killed that young woman. They should have escorted him to the border with a boot wedged in his ass and said "Adios"! Now I know that I will get flooded with calls and letters calling me every name in the book except a patriotic American. Go figure. Trump is running a 23% approval rate, Jeb Bush is at 13%. Everyone is saying how Trump won't go the distance. They are praying that he doesn't. The FREE RIDE, OBAMA CARE, and all the other give-a-ways will come to a screeching halt. We need a leader that is willing to voice for the silent majority. He is only saying what most people think, but, don't verbalize it so they won't be chastised by the Left!
