IZZY PET CARE
Personalized in home pet care
Hi my name is Isikuri Iniestra (Izzy), as a pet owner I know what it takes to care for ones pets, but with such busy schedules it's hard sometimes to find the time. That's why I'm here to help! As a certified care taker I'm trained to provide all kinds of service: walking, grooming, pet sitting, transport to appointments. My years of experience is not limited to my own pets. I have worked in animal hospitals and in households dealing with a wide variety of different animals. Let me be the one to make your pet happy.

**FROM THE EDITOR!
 "UNSPOKEN THOUGHTS"**

Oil companies dumping waste in our drinking water, 2500 times to be exact. One man pissed on the embankment of a reservoir that is empty and Sacramento acts like that is the end of the world! We are really going down the drain. All of the additional laws and rules that are imposed on us every January and we allow it. Spending is out of control, so to cover the short fall, let's create additional fees that we can justify to pay the expenses that the tax money would have covered if the funds were not misappropriated! We are wasting money on the "High Speed Rail" that will only strain the tax payer. Just think what Brown would have done as President? The left will continue to win elections with the strategy of gifts and give-a-ways. Eventually the "Buck" will have to stop some where. We pay entertainers and athletes millions and complain about the price of food. I can tell you this, the farmers and ranchers are not the ones that are benefiting. The system is broken. Even our news commentators can't be trusted. We are in serious trouble and one day we will have to face the music. We have allowed corrupt self-serving thieves to watch the hen house. We pretend that everything is fine. We have our expensive toys to occupy our personal time. Eventually it will be time to pay the "Piper"! We don't teach our children true values in life. We teach them that to stand in line, not defend themselves and follow the advice of "Idiots" is the way to get ahead in life. I really don't know what tomorrow will bring. I know that each individual will need to do some deep soul searching and decide what their next move will be when the system that should be looking after us goes through a "Melt Down". If you are familiar with the TV Series, "The Walking Dead" you are getting a small glimpse of what happens to people who counted on government to look after them. Maybe, just maybe, a complete failure would be the best thing that we could have happen!
