WHAT'S STOPPING YOU FROM BUYING A HOME ?

Bad Credit, No Down Payment, Bankruptcy, Foreclosure, Affordability, Retirement, Student Loans?

- Why Home Ownership Is Your Next Best Move -

- * In most areas, the majority of the excess prices have finally been wrung out of the market.
- * Homes haven't been this affordable since 1991.
- * For the past couple of years, interest rates have hovered at levels not seen since our Veterans came home from the Korean War.
- * When you own a home, YOU control your security, living environment and can change your home as you see fit.
- * You can offset some of the cost of ownership by deducting your mortgage interest.
- * Equate renting with "Throwing your money away".
- * Purchase with a fixed payment; landlords may increase rent.
- * A property is something you can leave as an inheritance.

**FROM THE EDITOR!
"UNSPOKEN THOUGHTS"**

The BULL CRAP just gets deeper! The F.B.I. doctors the transcript of the Orlando shooter before releasing it to the public. Are you kidding me? They said it was to protect the feelings of the families of the survivors! What a load of crap! It was to follow along with Clinton and Obama's refusal to call it like it is. A "PIG" is a "PIG" no matter how much lip stick you put on it. I would have added pant suit in that description, but some liberal would have called it a jab at Hillary. I can assure you, I would never insult "Any Farm Animal" with that comparison! Now in Sacramento, which is now over run with the "Walking Dead" you know "Zombies" the state government has screwed you out of more money! They are increasing the fee that they put on your cell phone again, by 4 times the amount. They are adding another \$10.00 fee on top of the last fee they added to vehicle registration. They have cooked the books when it came to the actual cost of the "CRAZY TRAIN". And yet, you do nothing to stop the madness! Government lies to us, then have law enforcement back the lie. On every level we are being swindled out of our earnings. The deficit the state will be facing by the year 2020 is estimated between \$29 to \$40 billion dollars. I think that the state will declare bankruptcy before then. Brown and the gang have destroyed more of the economy than the market crash of 2008. Clinton will continue to run for President, nothing will be said about the indictment against her till after the elections. I can call it now. If Clinton wins, the indictment will vanish. If Clinton loses the race, then you will see her ugly mug in jail uniform. Her and the rest of the Washington crowd are cut from the same cloth. If it was about justice or fairness, she would not be running. She started with over 500 Super Delegates, long before the campaigning started. She was promised by the Democrat's that she will be the first woman to be elected to that office. She wants to be in the history book along with Obama. We have been dumbed down to the point that even a snail can out think us. If you missed the movie 13 hours, I suggest you see it. I realize that Hollywood has made some changes in dialog, but for the most part it shows you how corrupt our leaders truly are. Politicians are saying that the economy has improved. Yet, I don't see any real change in the last 18 months. We are still screwed at the pump on our gasoline. The rest of the country is at least a dollar a gallon cheaper. Yet we drive down the freeway, happy as pigs going to slaughter with our minds in the clouds and our heads up our ASS!
