POKER REAL TALK

Hi. My name is Todd Witteles, and this is my inaugural column entitled "Poker Real Talk". I'm a WSOP gold bracelet winner, and have been a professional poker player since 2003. Seriously. Go look it up. I have a Wikipedia page and everything. This week, we will talk about why you lose at poker. Don't give me that look! You do lose at poker, even if you don't want to admit it. There are various reasons why one loses at poker:

- 1) Rake is too damn high. If you're playing a \$1/\$2 game, and they're raking \$4 or \$5 out of every pot, that's a very tough game to beat. It may not seem like much when you drag down a pot of \$100 or more, but trust me, it adds up. Honestly, it's very hard to win at \$1/\$2 for that reason.
- 2) Overestimating your own skill. You think you're a good player, right? So does the guy next to you. So does the worst player at the table. There are two things that people will never admit to being bad at - driving and playing poker. So what can you do about this? Look around and assess everyone at the table. If more than half of your opponents are ones you would rate as "good", "decent", or "okay", all of those guys are probably better than you. Find a different game with more players who are clearly inferior to your skill.
- 3) Tilt. Someone cracks your pocket aces with a one-card, 3-high flush on the river, and you just can't think straight. Your play becomes too wild and erratic, and you lose even more money. If you find yourself in a mood like this, stand up and leave. Or at least take a break.
- 4) Being too passive. The best player at the table is the one who controls the betting and understands why he's controlling the betting. If you simply enter the pot cheaply, look to catch hands, and only bet when you have it, you're not going to get anywhere. Smart aggression is key to winning. Take control of every hand you're in, especially against weak, straightforward players. Try to lead the betting and raising, rather than just calling off.

Work on these four areas, and I guarantee you will do better. Now, you might wonder why I am providing you this generous advice. Am I just a nice guy? Not really. I have a poker radio show to plug. It's called PokerFraudAlert Radio, and we cover everything in the world of poker, gambling, and Las Vegas. We also do crazy little comedy bits, BS about politics and sports, and comment on anything in life that comes to mind. This is different than any poker or gambling radio show you've ever heard! The show features myself, fellow poker pro Brandon Gerson, and a revolving door of third-wheel co-hosts. You can listen live on pokerfraudalert.com, every Wednesday night, starting around 7:30pm PST. You can also find the show on iTunes, Stitcher, TuneIn, and Google Play.

Want to hear a sample of an old episode right now? Call (712) 775-8162, our call-to-listen line, and hear one of our streaming reruns.

Trust me... you will get addicted to this show, and will look forward to it every week. Hope to hear from you soon.

7 Days In Hell: I Was There! An Eyewitness Account of the True Existence of Hell Paperback

by Larry E. "Buck" Hunter (Author),
Shane L. Weiskircher (Editor)

HELL A REAL PLACE Our curiosity about the abode of the dead is not completely satisfied by biblical terms or verses. What we do know is that either eternal torment in hell or eternal joy in heaven awaits all people after death, based on whether they trust in Christ's payment for sin or reject Christ. **I WAS THERE!** The Bible calls hell dark, lonely and miserable, a place of eternal separation from God. But God doesn't want anyone to go there. He wants a relationship with us through His Son, Jesus Christ, so we can spend eternity with Him in heaven. You don't have to fear hell. Take time now to be assured of your place in heaven.

**FROM THE EDITOR!
"UNSPOKEN THOUGHTS"**

Steve Owen, a 29-year department veteran with the L.A. Sheriff's Department was laid to rest. My heart goes out to the family. There was no need for this man to have given his life. There was no reason the killer should still be in prison! Prop. 47, put in place by a bunch of idiots made this nightmare happen. Brown and Camel Harris, (I refuse to spell her name correctly), both attended the funeral ceremony. Neither were asked to speak. The one thing that really pissed me off, Zombie Face Brown and Camel Harris were late. I think that they both need a taste of their own medicine! I want the courts, Brown, Harris, held responsible for what happened. I want them put on trial as accessories to the murder. I want them to do jail time. Now, coming in the near future, Prop. 57 which will be the icing on the cake! The crime rate has not gone down. The number of attacks on citizens and our police will increase. When you let a MAD DOG out in the public to do damage, you need to put your ass on the line and pay the price for your stupidity. California's politicians act like the whole world is following their lead. The truth of the matter is, California is a joke on the world stage. Global warming, part of our planets history, so was the ice age that passed. The world is a living being, if it wasn't, it could not support life. I have to laugh every time I see that idiot Tom Steyer in those stupid commercials. Tom Steyer is a American hedge fund manager, philanthropist, and environmentalist. This is another piece of feces that escaped the big flush. He is not a person that needs to direct anything about how a person needs to live. The Liberals, that are to stupid or lazy to think for themselves, seem to follow anyone that has the Holier than thou attitude. Now, these same losers will cast their vote and the rest of the people will be stuck with the aftermath. Gotta Love It!
