**FROM THE EDITOR!**  
**"UNSPOKEN THOUGHTS"**  
 Hello America! The race for the Republican nomination is heating up! I think that the issue about Cruz needs to be address now, not after the fact. When I grew up in Texas, great school system, it was taught that a person that was an American Citizen born in another country was not eligible to run for President. Any other office was not an issue. I mean, look at Arnold, maybe that would not be a bad idea for other government positions! It seems that the more Liberal we become as a nation, the more our values go down the toilet. I know that it is not socially or politically acceptable anymore, but facts are facts. A "Pig" with lip stick and a wig, is still at the end of the day a "Pig"! We need to save our nation from total ruin. The State of California, under that joke "Jerry Brown", is screwing people daily out of millions of dollars! They have diverted the funds from the tax that is collected to maintain our roads, now they are creating fees to cover that cost. If that miss handling of funds were so obvious in any other setting, some one would be doing some jail time? The reason the courts, law enforcement, district attorneys don't investigate, it would jeopardize their paycheck! The price of oil is now under \$30.00 a barrel and we are still getting molested at the pump. California is showing the rest of the nation how to screw the citizen and get away with it. The old, lame song and dance from the oil refineries is the same. We had unscheduled maintenance to perform, therefore creating a shortage. It will not matter how much we make cars motors more efficient, they will make sure that we get those savings taken from us. Gasoline, water, natural gas, anytime we make sacrifices to save money the system will create new laws, fees and penalties to relieve you of you hard earned dollars. When are the "Sheeple" going to rise up and demand accountability? Hillary Clinton does not care about the nation, she only wants to be remembered as the first woman elected President. If we make that mistake, we will pay dearly with our freedom, property and what little money we have left. The "Mortgage Meltdown" was just the cover story for the Bush years. The banks backed his play because the government bought their silence. It was \$5.00 a gallon gasoline that did in the global economy. Have you noticed we never hear from Bush? Him and his "Lil Dick" Channey got away with a scheme that made Bernie Maddoff look like "Mother Teresa"! May both these bastards burn in hell with that skank Hillary Clinton!
