**FROM THE EDITOR! "UNSPOKEN THOUGHTS"**

Today is the first issue of our 37th year in business! That is some kind of record, when you consider the number of publications that have gone out of business in the last decade! Also, I want to give a shout out to my friend Manny whom I saw at Winco on Monday. Manny is a good man. He and I met six years ago. He had a tragic loss in his life as I had suffered. We talked on the phone for quite some time. It was great to meet in person!

Now on with the topic that is driving most of us crazy! Our President is still making progress by leaps and bounds. It is amazing how he handles all the negativity and attacks that just keep on coming. His Press Secretary Spicer was attacked recently by a woman who's parent came here from India. She was getting louder and more insulting by the minute. I am sure that there are many Snowflakes out there that are cheering her on! If you hear the recording that SHE MADE, you will have to laugh. You talk about ignorance having a voice, she is their poster child! The politicians on both sides of the isle are gritting their teeth. How dare Trump try to make America successful It was doing fine without him. After all, things were good. If you were in a elected position, you could afford the best clothes, schools for your kids, best neighborhood to retire to, and the pension and healthcare unbelievable!!!

This Bulgarian Bastard had the audacity to come in and take over like he had the right? To make demands that the Government control be given back to the people? The only thing that really defies logic were the women, and a few men, running around with vagina costumes on their heads? It kind of reminded me of that old movie "Little Shop of Horrors". If I were to make a movie out of what I have seen the Left doing, I would call it "THE ATTACK OF THE PENIS FLY TRAPS!"

Have a great week!
